On July 22, at a large rally featuring Pres. Trump, prior to the Aug. 2 AZ primary election, after citing several atrocities by the deep state establishment, Kari Lake said, "You will never be forgiven," followed by MAGA audience applause. I've heard other MAGA leaders say things along these lines as well (including Trump?).

Have we forgotten Jesus' teaching, after giving the Lord's prayer in the Sermon on the Mount, when he said, "If ye forgive not men their trespassing, neither will your Father forgive your trespasses" (Matt. 6:15)?

I envision many of the Marxist conspirators repenting in the coming days, as the revival continues to unfold, and becoming champions of freedom and righteousness. Pres. Trump used to vote Democrat.

Having forgiveness in our hearts doesn't mean letting people get away with evil. True, if they genuinely repent, then they'll have access to mercy. Whatever the case, forgiveness is crucial to our own healing and achieving peace in Christ — and in the world.
