In the last three years, as I've begun list-
ening ^{again} to ^{conservative} talk radio (KNRS, SLA) and RAV TV,
I've noticed that while RAV TV goes beyond
KNRS in boldly saying the 2020 election was
stolen, neither sets dare say that 9/11 was
an inside job, like Alex Jones so bravely does.
(C2C also will go there as well, on occasion.)

If you've realized there is a Marxist
conspiracy out to destroy America as a free
land, why can't you see their fingerprints all
over 9/11? To me, it is as blatantly obvious that
9/11 was an inside job as it is that the 2020
election was stolen.

Modern buildings (e.g. WTC 7) do not
fall at free-fall speed (like WTC 7 did)
without help (e.g. military grade nanotherm-
ite found replete in the dust) from the inside.
(See 9/11 Truth.com?) Dr. Judy Wood's excellent
book, Where Did the Towers Go? takes it even
further — mind-blowing stuff. She shows aerial
photos of ground zero shortly after the event.

It wasn't just WTC 1, 2 and 7 that went down to ⁽²⁾ their own footprint.

WTC 3 is completely gone. An entire wing of WTC 4 is to the ground. WTC 6 has an oval shape hole to the ground, nearly the size of the building. And, of course, building 7 was demolished into its own footprint. Some directed energy weaponry or other secret weaponry was unleashed to mostly turn these ^{target} buildings to dust.

The jet hijackers were mere pawns - a cover story. Dick Cheney was a likely key mastermind. His daughter, ^{Liz} continues the subterfuge. ← ^{the} Afghanistan and Iraq military operations were part of the mass mind manipulation they also served to agenda. divert ^{from the real enemies within our own system}. Bush was a willing patsy.

It's important to realize these things so that we know what we're up against. With God, we will prevail. Without God we will be prevailed against. (Rev 13:2; Dan. 7:21) ~~Vote for the former.~~ The present revival underway indicates we're on track for winning.
