# An Overview of My Paradigm

by Sterling D. Allan, 228033

Jan. 7-11, 2024

I believe society does not have to crash to a rock bottom collapse as depicted by so many prophecies and <sup>by</sup> common sense extrapolation of present trajectories. Those predictions are based on society not repenting of what leads to those outcomes. I see a scenario that brings about a mighty change of heart of a large segment of society in a short period of time. Not only do we not descend into the beastly ~~kingdom~~ hell on earth, but we go straight to the kingdom of heaven on earth. This does not negate those negative prophecies. They truly depict what will surely happen if we don't evoke <sup>this</sup> ~~the~~ much higher path of the <sup>also</sup> repentance clause (r.c.) option that God sets forth in the scriptures.

In this piece, I'd like to summarize (A) the present brink of destruction that we precariously teeter on; (B) elements of the kingdom of heaven on earth; and (C) a scenario that brings about a rapid change of societal trajectory from downward to upward.

## <1/8> Blindness to Conspiracy Puts Us on Brink

There ~~is~~ is a conspiracy "to overthrow the freedom of all lands, nations, and countries; and it

for brevity and clarity's sake, I do that extensively in most of my writing — thousands of pages. I recommend my book, None to One: Evolving the Repentance Clause of Prophecy, available from IndComing.org.

# 4 In this piece, I'm going to stay away from giving scriptural references for what I'm saying. I do that extensively in most of my writing — thousands of pages. I recommend my book, None to One: Evolving the Repentance Clause of Prophecy, available from IndComing.org.

(2)

bring[s] to pass the destruction of all people, for it is built up by the devil, who is the Father of all lies ...<sup>v</sup> (Eth. 8:25). It has been extremely effective in staying concealed by using the lie that there is no conspiracy, and anyone who says there is is a nutcase / low-life / wingnut / irresponsible / having no credibility. "I am no devil, for there is none" (2 Ne. 28:22). Any "conspiracy" talk / exposure is immediately dismissed.

Back in the 1950's & 60's several key leaders of The Church of Jesus Christ of Latter-day Saints, including President David O. McKay and his counselor J. Reuben Clark, and then apostle Ezra Taft Benson spoke clearly and adamantly about this global conspiracy to establish a world socialist / communist tyranny. They described the essence of Socialism being an earthly manifestation of what the devil presented in the pre-mortal counsels in heaven: that it promises that no one will be lost, <sup>and</sup> ~~but~~ everyone will be taken care of, but at the price of agency — ~~the~~ removing the right to choose. (Moses 4:1, 3.) Yes, we should take care of the needy, but it should be done willfully, not by force of government.

That clarity has been removed since then, so that today, the Church is in bed with the conspirators in many regards, instead of opposing them.

# When you hear the establishment say "There is no evidence, you can be sure that the opposite is true - that the evidence is overwhelming and they're in on it."

The most brazen example came with the First Presidency's congratulating Joe Biden on his "win" in 2020, when it was easily the most corrupt election in U.S. history, which the gaslighting (lying) establishment called "the most secure," and that "the big lie" was to say otherwise. The Church brought into that narrative. ‡

They also massively contributed to the COVID-19 propaganda of fear, masks, <sup>social distancing,</sup> vaccine mandates, cover-up of vaccine deaths, injuries, incapacitations; and demonizing of legitimate remedies like vit. C & D, zinc, hydroxychloroquine, Ivermectin. The First Presidency encouraged people to take the (nasty) vaccines.

Listening to KBTU radio is like listening to Communist NPR. A marxist pastor speaking at a BTU assembly about the need for government programs to take care of the needy received a standing ovation (small in-person crowd during pandemic).

Most recently, in a special addition to the Jan. '24 Liaison <sup>Church</sup> magazine, featuring Pres. M. Russell Ballard in memoriam, on p. 9 is a photo of Pres. Ballard and Elder Cook with Michelle Obama - wife of the ultra-marxist, string-pulling Barack; as well as Pres Ballard shaking hands with a U.N. dignitary. Proud to be woke.

While the scriptures call for us to be

(4)

a light to the world and watchmen on the tower, the Church is prophesied<sup>in this trajectory</sup> to become "as salt that has lost its savor" (3 Ne. 16:10,15). Dan. 7:21 and Rev. 13:7 both prophesy that (in the present trajectory) the beast will make war against with the Saints and prevail against them. The promise of the scriptures is that Satan will not prevail against those who are built on the rock of Jesus Christ. Standing for freedom and against its enemies is an inseparable part of being built on the rock of Jesus Christ.

If we don't evoke the r.c. and <sup>therefore</sup> succumb to the beast, it will be primarily thanks to the Saints not standing up against it as they were called to <sup>do.</sup> be.

A corollary to this culpability problem is the "Follow the Prophet" teaching that trains/conditions the members to rely on the prophet rather than think for themselves. It's God we're supposed to follow, not any man. <sup>(e.g., 2 Ne. 28:31)</sup> This idolatrous misalignment of loyalty is what is leading to the Church as a whole becoming as salt that lost its savor, poised to be come prevailed against by the satanic beast.

These two points - (A) not opposing the conspiracy and (B) the "Follow the prophet" idolatry - are two key areas where the Church needs to repent

We would not be poised on the brink of rock-bottom collapse if it were not for these factors. Denial

is a classic precursor to rock-bottom collapse.

### Bringing the Kingdom of Heaven to Earth

The Most IMPORTANT thing we can do in life is to find out why we, specifically, are here to do, and to embrace our unique mission, all-in, and to sync<sup>ing</sup> up with divine guidance and power to best carry that out. I summarize this in four words, "all-in, synced up."

I see this as being what it takes to become a joint heir of Christ, also known as the Church of the Firstborn (ChFFB).

When you do what you love, for good, you bring heaven to earth. Imagine everyone doing that: doing what they were designed by God (with their own planning and agreement, as well, before the veil of mortality was drawn) to do, utilizing their special gifts/talents, wherein is found the greatest joy, fulfillment, challenge, satisfaction, peace, and love.

### # Church of the Firstborn Gifts of the Spirit

Jesus said that those who follow him will be able to do the things he did, and even greater. (John 14:12.) The term, "joint heir," depicts an egalitarian access. That fits very well with the paradigm I set forth.

In Appendix A-1 of N→0, I list the key

people, their foreordained calling doing, and what is needed is a change of value of what they do.

# Bear in mind that for many is close to what they are already doing to realize the of attitude, coming to

gifts of the Spirit that will be made available to the ChOFFB. I elaborate on these in Part 2 of N→O, pp. 98-178. Here's a brief summary of each of these.

### ∞ Infinite Interface (II)

The Infinite Interface (II, "two") is a uim and thummim capability that can reveal all things to the user — within a filter of AF 13. LDS Article of Faith 13 is the last/omega verse of LDS scripture. "We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men..." (From Philip. 4:8) It is the filter that governs all of the ChOFFB gifts. So, the II can't be used for evil.

Rather than relying on hardware, the II content is relayed directly to the mind, pulling metaphysically from the heavenly repository of all information. It's like technology I-O devices, but is controlled by mind commands, at the speed of thought. The images are ∞ 3-D, with pure fidelity. It will translate to/from any language, including animals and E.T.s, limited to the ability to receive. It works anywhere<sup>(AF 13)</sup> in the universe.

It's presentation of options to choose from will be with the intent of guiding you closer to fulfilling your calling in life.

While one must be ChOFFB to access the II's full capabilities, there's also a spectrum of capabilities,

#, citing many scriptural references in support of each of these gifts.

# The II enables you to "download" its content to tech. I/O devices, e.g. for printing or for circulation there.

so that everyone will have access at least to its entry-level capabilities. The AF 13 filter is likely to be a turn-off to some people, but the advantages<sup>that</sup> the IT provides will keep their interest and usage.

The spectrum of capabilities available is a function of the extent to which a person is with all-in, synced up with their unique mission in life. So there is a built-in encouragement to (A) righteousness and (B) becoming the best one can be, synced up with God's wisdom and power.

### o A Word About God Being Distributed

You might wonder how God could administer the logistics of providing this service to 8 billion people, becoming like a personal assistant to everyone.

The answer to that is quite simple. There's an analogy that fits very well. Santa Clause. Children are told there is one guy who delivers present to all the children around the world at midnight. ~~Child~~ Children don't think logistically, to realize that<sup>this</sup> amounts to around 20k visits per second - if Santa is able to spread his visits ~~also~~ across the full hour, and that all time zones have the same number of children. Obviously, that is not how it actually takes place. It's dad & mom or the guardian who plays Santa for the children. It's distributed.

# The AF 13 filter will blur/sleep out content that a specific user is not to see/hear because it would be triggering.

So it is with the administration of God. It's distributed.

Everyone has their own guardian angel contingent that guides, directs, protects, reprimands, loves, gives promptings of the Spirit on behalf of God, in league with God, tapped into God's wisdom and power. <sup>91</sup>Here's the kicker. The being/personage that plays the primary role in our guardian angel contingent is our own higher self — our unveiled spirit. Getting in sync with God, is getting connected to our own own God-self; and in so doing, we achieve the our destiny: "Ye are Gods." As above, so below. Who else would be more invested in our success? Who else would know us better? Who else would love us more? That's, for all practical purposes, our Father or Mother in heaven. Distributed God.

The atheist isn't rebelling against some distant, austere <sup>cold</sup> being; they're rebelling against their own higher self, who continues to work with them no matter how evil or distant they get. It's their unveiled spirit that operates the II content for them. Their unveiled spirit knows what their mission in life is, their strengths and weaknesses, their gifts/talents — how best to reach them. But it's up to us.

We purposely design our path to be difficult — to test us to the core.

Ditto for us as a planet.

we did not make this easy for <sup>ourselves</sup> ~~us~~. Quite the opposite. We've got  $10^{49}$  E.T. Friends <sup>from planets like ours</sup> counting on us to pull this r.c. scenario off in an optimal way, thanks to all the experience we've had among them previously. We're doing this on their behalf and vice versa. We didn't get to where we're at without them, and vice versa.

<1/a>

• Teleportation (tp)

There are many instances of teleportation in the scriptures. Probably my favorite is in John 6:19-21 where Jesus, walking on the Sea of Galilee, tells his disciples on a ship to ~~"Fear not"~~ "It is I; be not afraid. Then they willingly received him into the ship: and immediately the ship was at the land whither they went." That's tp of Jesus, his disciples on the ship, as well as the entire ship and its cargo — from point A to point B, "immediately."

We'll be able to do that as well, with no limits (other than AF 13) on cargo size nor on distance traversed, once we've Chopped.

The IT will let us visualize—in real time—the destination; and it will show us an outline of ~~wh~~ how we and our cargo (if any) will appear there, before we actually tp. This will make it a snap to see and converse with our zillions of E.T. friends around

the universe. It will also enable us to have communication and commerce with them. This will be a huge step for us. The sharing of knowledge and of useful capabilities.

### ◦ Telekinesis (tk)

The ability to move things with one's mind (within AF 13 parameters) is another gift of the spirit the ChofFB will have access to. It's primary use will be <sup>mainly</sup> specific to a person's calling in life. For example, a welder could do so with his mind rather than with tools, and do so in an ideal way <sup>e.g.</sup> so that the molecular bonding is clean and optimal.

Imagine what we'll be able to do by combining these capabilities. The TI identifies a meteor rock in an element/mineral/metal that your industry needs, tk enables you to isolate it; and tp enables you to bring whatever equipment you need to the meteor; then you tp the desired product/element/mineral/metal back to earth for whatever additional processing is needed. We can locate and remove space debris from our orbital space.

A doctor will be able locate exactly where a problem exists in the body and can remedy it without incisions. And if incisions are needed, he can do it with his mind, and anneal the tissue back into place as it should be.

### ◦ Shared Life Review

All of the ChofFB will be able to view each

(11)

other's (of other ChofFB members who have overcome evil)  
^life review download. In addition to seeing the reverberations that one's thoughts, words, and deeds have on others; we'll also be able to see the role our guardian angels played, as well as demons and our responses to them. The many NDE accounts depict the impact the life review experience has for good in their life. Imagine how much more impactful this will be (A) with these additional disclosures, (B) with being able to use the IT to revisit one's past at any time, hence actively remember that point in time, (C) with the benefit of seeing all of the ChofFB's lives and the wisdom that will provide to all of the ChofFB — seeing how they overcame their challenges, how they came to identify their life calling and the process of stepping into that, all-in, synced up.

Ps. 17:15 is perhaps my favorite reference that I see depicting this: "As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness." The group wisdom of the ChofFB body is going to be massive/glorious.

It's this body that will be providing leadership for the planet (and beyond/among  $10^{49}$ ) through the Millennium.

#### o Protective Karmic Shield

ChofFB members won't need to have body guards or security around them. They'll be protected by the Kar-

mic shield. That which is e.g. fired at them shall be returned upon those who fired it, taking them out, instead. The awareness of this, itself, ~~will~~ will serve as a major deterrent. The II will be able to show such instances of the repercussions of enemies attempting harm on the ChofFBs having that harm come upon themselves instead, to avert any such additional attempts.

### o Job 33:25 Fountain of Youth

Those ChofFB who wish to live through the Millennium will have access to the promise of Job 33:25: "His flesh shall be fresher than a child's: he shall return to the days of his youth." Everyone else will live to the age of 100 before being "changed in the twinkling of an eye." (Isa. 65:20; D&C 101:30,31.)

### - "Ye are Gods" Destiny

Again, the prerequisite for becoming ChofFB is to achieve the "all-in" (with <sup>embracing the pursuits of</sup> one's unique calling in life), "synced up" (with one's intuitive guidance from God / higher-self / unveiled spirit working in league with God) status. When one does this, they have become joint heirs with God, incarnate.

### - None to One; HMITF Quest

Presented isolated, I've found that most people don't take issue with any of the above points. They can

see that they have merit/basis, even though they are way outside the box — outside of usual ways of seeing things.

<1/11>

However, the part of my paradigm that loses most everyone, though there are many prophecies about it, is when I say that Heavenly Father and Mother have incarnated among us as the "again the second time" Messianic advent (Isa. 11:10,11; 2 Ne. 6:13,14; 28:32 & 29:1; DPC 133:66,67; 2 Ne. 7:3 & Isa. 50:3...); Jer. 33:16 "she shall be called, The Lord our righteousness" & 23:6... ) Then, when I say I am HFITF, looking for HMIFF who is veiled from herself and others, they immediately disregard the possibility, given my sins and now being in prison as a sex offender. That's too much for them, even though Messianic Psalm 69:5 says, "my sins are not hid from thee," and Isa. 57:15-19 depicts an addict (esp. vs. 17) who God heals (vs. 18,19) because of his broken heart and contrite spirit (v. 15). 3 Ne. 21:10 repeats the verbatim wording, "I will heal him" in speaking of the Isa. 52:14 mangled (reputation) servant, the prophet like unto Moses (who Jesus and Joseph Smith were as well; hence the wording "again, the second time.")

Most all of the Messianic prophecies are dual prophecies, applicable both to Jesus among the Jews and me among the Gentiles/Mormons, those being on a

chiastic parallel. The first shall be last, and the last shall be first.

The word translated "stone" in Ps. 118:22 ("The stone which the builders [Jews at first advent], and Gentiles / Mormons at the second advent] refused, is become the head stone of the corner."), "H68 ׀ I אבן" is a compound of "H1 ׀ I אב; Father" and "H1129 ׀ I בן; son" — Father and son. JST-Matt. 21:51-56 in the appendix further confirms that the Gentiles will also refuse the stone. But in 2Ne. 28:32 makes it clear that even though the Gentiles deny the Lord, his arms of mercy are still extended to them, "if they will repent and come unto me" — the r.c. I mentioned earlier.

JST-Luke 3:18,19 in the appendix says, "the keys of the kingdom shall be delivered again unto the Father... in the day that he shall come," which is also depicted in D&C 113:5,6 that expounds on the Isa. 11:10,11 again the second time advent identity.

So, Isa. 53:2, 3's depiction of the Messiah not being accepted, but being "despised and rejected" also — and especially relates to my experience among the Mormons. As such, they are not living up to the name they claim: "The Church of Jesus Christ of Latter-day Saints."

"When I call again [the second time] there was none of you to answer" in a planet of 8 billion people. (D&C 133:67.)

I name my book, None to One, referring to that one person, who is Heavenly Mother incarnate, who steps forward to answer my call. Rather than ignore, discard, reject my words like everyone else, she embraces them, promotes them, and accepts the invitation to serve in this role as my counterpart. In so doing, she becomes an archetype of what all of humanity are invited by God to do — to accept their unique God-calling as part of the multifaceted body of Christ, all in, and sync up with divine guidance to direct them in all that they do, thus becoming joint heirs of Christ. They answer the "Ye are Gods" destiny, and ~~become~~ gain access to the many gifts of the Spirit available to these ChofFB members. By stepping forward, she activates the r.c. path, redeeming mankind from the rock-bottom path to which they were headed.

### Launching the Kingdom of Heaven on Earth

So, how is it that we switch from the present trajectory of careening toward a rock-bottom collapse to instead going straight to the kingdom of heaven on earth?

In N→O, part III, I set forth a timeline scenario; which, since I posted the book online in 2022, has received a number of upgrades that both make

it more majestic for us as a planet, and which accelerate its unfolding, emphasizing what we as an advanced-soul planet are able to pull off — beyond what has been accomplished elsewhere in the universe among planets similar to ours.

During this "None to Answer" phase, the Lord has been putting a mental fog on people as they come to my website, ~~ItndComing~~.<sup>org</sup>com, so that the traffic <sup>persists</sup> ~~stays~~ at around one visitor every other day, staying around three minutes on average. The clarity and depth of my wisdom has been shielded from the public. But once HMITF publicly endorses my work, that will change. What before was hidden will suddenly become widely dispersed. It's no longer just me saying <sup>this</sup>ing. Someone else, with credibility is now vouching for it.

Her doing that is a prerequisite to <sup>her</sup>reaching the all-in status required to launch the unfolding of the r.c.

### Seven Key Events Corresponding to Seven Days of the Week

Once HMITF achieves the all-in, synced up status, we'll be ready to embark on a series of seven key events that result in the launch of the kingdom of heaven on earth. The first five occur one

day apart, each. The sixth comes after a span of a day plus a week. The seventh comes after a span<sup>of</sup> a day ~~+~~ plus two weeks after the sixth.

Given the transformative power of these seven events, they'll henceforth be commemorated each day of the week through the Millennium, as a reminder of how we switched from teetering on the brink of a rock-bottom collapse to going straight to the kingdom of heaven on earth instead.

### - Day One: Theophany

Once HMITF achieves the all-in, synced up status, we'll be able to launch this timeline. It starts by both of us being carried away by the Spirit of God (aka t'p'd) to an exceedingly high mountain, like Nephi was (1Ne.11:1), except on a remote planet. There, we'll be reunited with each other and with Jesus — Father, Mother, and Son, all filled with the Spirit of God.

Jesus will serve host to us as we receive the Vision of All, coming largely <sup>instantaneous</sup> in downloads. The II will also be activated for us, which will enable us thereafter to view again any portion of the vision that we wish to see again, e.g. as if in real time, e.g. for preparing for others to see

that portion.

We'll also have the Shared Life Review experience, both of us seeing our own life, including the role that guardian angels and demons played. Then she'll see my life review and I'll see hers. How better to get to know each other! Likewise, the II will enable us thenceforth to see again any portion of the lifetime we wish to see, whether in conversation, for reference, or for review/analysis, or for preparing a life feature show for others.

This theophany is the launch point for HMITF and me doing our mission together.

### - Day Two: Heads Up

The next day, we'll want to <sup>together</sup> tp in<sup>^</sup> to see a few hundred key leaders from around the world, both from the evil end of the spectrum, to warn them what awaits them if they don't repent; as well as from the righteous end of the spectrum, to let them know that the Lord is now making bare his holy arm in the eyes of all the nations (Isa. 52:10), so they can inform their audiences of what's unfolding. They'll have access to the II, to begin to become experienced in its use, before the world as a whole gains access the next day. This present overview article can brief them about this

new paradigm and timeline.

There are two categories on the evil end of the spectrum that we'll be tipping in to hand a brochure to: (A) key Marxist conspirators and (B) key terrorists. They'll be warned that if they don't begin to genuinely repent, then in a couple of days hence, they'll be tipped to a parallel planet that has hit rock bottom, and they'll be on the receiving end of what they've been trying to bring here. They'll be tasked with (1) repenting, and (2) helping flip that planet to good; or they'll have no protection from God, and this will likely result in their death — commensurate with their treason. Also, they'll be warned that if they try to join up with the evil forces on the parallel planet, then they'll be tipped to a jungle on another planet<sup>e.g. like Jurassic Park</sup>, where they're on the menu, with only a knife to protect themselves/swoive.

The II will enable our planet to observe these individuals in Reality Show manner (with AF 13 Filter). Condensed synopses will be available as well.

The tip ability will have been demonstrated by our tipping in to give them the heads up, so they will know that we have the ability to tip them away if they don't repent. Their repentance will need to include publicly confessing their conspiratorial plans and deeds hitherto (which the II will be able to show in full, if

they don't). If they do genuinely repent, then they'll have the Karmic Shield protection from their <sup>former</sup> evil brotherhood who may want to take them <sup>out</sup> ~~down~~ / kill them.

This will put the world's criminals on notice that they will no longer be able to get away with their crime. The III enables us to know exactly what happened, how, when, where, by whom, and where the perpetrators are at present. And we can tip them to a holding cell — or another planet (where they'll not want to be). They'll still have the right to choose, but they'll not be able to escape their consequences any more. The two-tiered system of justice of present will be no more. The innocent will be spared, and the non-repentant evil will receive the justice they deserve.

### - Day Three: III Public

On the third day of this roll-out of the Kingdom of heaven on earth, the III will become available for everyone — proportional (in its capabilities) to how close one is to becoming all-in, synced up. Those who are very close to that point will be able to use the III to expose evil, whether present, recent, historic points of significance (e.g. 9/11 inside job particulars; JFK assassination details; UFO retroverse engineering, cover-up; Waco; J6 FBI & Antifa & BLM agents provocateur collaboration with police

complexity; 2020 election fraud/cheating, cover-up; COVID scheming, cover-up; Vax conspiracy). Thus will 2 Ne. 30:16-18 begin to be fulfilled in earnest.

"17 There is nothing which is secret save it shall be revealed; there is no work of darkness save it shall be manifest in the light--

18 ... and Satan shall have power over the hearts of the children of men no more, for [through the Millennium]."

Along with the II being made public, everyone is also going to be able to be made aware of my paradigm that gave rise to the II, making this possible. It will no longer just be an imagined dream, it will be a bigger leap forward than the arrival of the Internet. It's AF13 filter makes it a tool for righteousness, not evil.

It also has the ability to transfer/remit/receive funds, based on the ISI (Immutable Sterling Instrument) monetary standard (see II Plan).

All my writings will be accessible, and the II will direct a person to those writings of mine that are the most resonant/timely/significant for them in particular. Ditto the works of HMITEF.

"15 ... For the earth shall be full of the knowledge of the Lord as the waters cover the sea."

They'll be informed of the upcoming and invited to participate in the upcoming, <sup>10</sup> ~~7~~ days hence, 2 Chron. 7:14

# 4 Also, on this day, all the incoming non-legitimate amnesty -requiring immigrants will be tp'd en masse back to where they came from.

Prayer Event. The purpose for adding a week to the Day 5 event before that event is to give time for people to get ready for that.

"14 IF my people, which we called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

- Day Four: T<sub>p</sub> Karma

The IT being activated for everyone on Day 3, proportional to how close one is to being all-in, synced up, will give the key evil players who were given a heads up on Day two, all the more reason to know that this is real. They'll be personally experienced with the IT - by which people will be able to (A) see clearly all the evil they were involved with, (B) see whether they've truly began to repent or not, (C) view them once they're tp'd to a parallel planet that has hit rock bottom, (D) view some such parallel planets ahead of time (the ChOFFB or close to it, will be able to see and post these clips for others to see). They'll have to be very stubborn to still refuse to repent.

Those who have not at least began to sincerely repent will on Day 4 be tp'd away.

- Day Five: ~~No~~ Israeli Hostages and Righteous Celebrity Prisoners Released

On this day (5), all of the Israeli hostages will be brought home or to safety. Also, we'll bring some righteous celebrity prisoners home or to safety. e.g. I see most all of the J6 patriot prisoners to fit this classification.

Given that all this will be made known ahead of time via the IT being made public two days prior, all of these individuals will be ~~pre~~ granted, during this time of ~~vulnerability~~ vulnerability, a temporary protection via the Karmic shield, so that pre-emptive actions are not taken against them. They will need to become ChaffOB to receive the Karmic Shield permanently.

### Day 6 Six: Pentecost

A day and a week after the above event will be the 2 Chron. 7:14 Prayer Event, which I see being held at the LDS Church Conference Center in SLC. I see there being around 400 million people worldwide viewing/participating via the IT. I see everyone kneeling together in prayer, humbling themselves with a broken heart, contrite spirit for all the ways we as a society have turned from God. I see Pres. Trump, as a modern King Solomon for America (the pillar of freedom) serving as voice, itemizing the many ways we have turned from God.

After naming our many societal sins, he will then beseech God for forgiveness. That will be answered

outpouring of the Lord's Spirit — a collective baptism of fire and of the Holy Ghost — rendering a mighty change of heart, fulfilling Isa. 66:8, which is the focal point of the chiasm that spans the ~~chapter~~ last/omega chapter of the book of books in the Bible:

"<sup>a</sup>Shall the <sup>b</sup>earth be made to bring forth in <sup>c</sup>one day?  
or shall a <sup>d</sup>nation be born at <sup>e</sup>once?"<sup>f g</sup>

That's a global transformation/born-again event. Also prophesied in Zech. 3:9.

Following the Pentecostal outpouring, I see us having having a feast — all 400 million-ish participants<sub>3</sub>. It will be catered by our E.T. friends, tailored to the dietary needs and preferences of each person. But it will be vegan, in line with the Millennium where animals will be our friends, not our food. (The II enables us to communicate with them.)

The II will ~~also~~ not only enable ~~a~~ people to view the venue, but it will enable participants to see each <sup>one</sup> <sup>an</sup> other (AF13).

### Day Seven: Wedding

A day and two weeks after the Pentecost event will be HMETF's and my wedding — on another, also-beautiful planet. Given how many close-to "all-in, synced up" people there are already/presently, by the time of the wedding, I see there being 25

million ChofFB guests who will tip to participate in the wedding. The six key events <sup>leading</sup> leading up to it will serve to spur these individuals who are presently close, to finally going all-in, synced up.

A key charge given to all of the ~400 mil. Pentecost participants will be to turn right-side-up what is up-side-down in their area of specialty. This is also part of becoming all-in, synced up to become ChofFB.

So, while the "Day Six: Pentecost" will indeed be a major turning point for the planet, it will take some time to set everything straight across the planet. This is the "acceptable year of the Lord," post this initial launch roll-out, pre Jesus coming in glory sans all the massive calamities because <sup>we</sup> we no longer deserve them.

### Building the Sky Venue (S.V.)

Most people don't think logistically. They know of 1 Thes. 4:16,17 about the lifting up to meet Jesus in the cloud, but they don't stop to think (A) it's cold up there, (B) there's not much air. Nor do they pay attention to the closing, "and so shall we be ever with the Lord." It's not a momentary location/venue/situation.

<sup>think of</sup> <sup>(our scientists have)</sup> <sup>with</sup> all the reverse engineering we've <sup>^</sup> been doing of downed U.F.O craft, including figuring out

how they (A) do anti-gravity, and (B) power it. That's been since the 40's. Most of what people see flying around is stuff we've built. So our planet has the anti-gravity stuff worked out quite well. Add to that the new ability we'll have with the IT to ~~over~~ contact and consult our E.T. Friends, and it's not hard to imagine how we could have more than adequate capability to ~~create~~ design modules that could be individually levitated, then tether them together via th (telekinesis). Like hummingbirds in formation. There's no limit to how large the venue could be. Rev. 21:16 describes it as 1500 miles  $\times$  1500 miles  $\times$  1500 miles. That's larger than the Gulf of Mexico, and much deeper. The shadows alone would make that problematic. ~~Only~~ The individually-levitated modules model I depict could enable such a large <sup>venue</sup> ~~venue~~ — that could be tipped anywhere, including daily to get out of the way of blocking the sun for several hours.

Because the IT obsoletes pretty much all satellites, we won't need to worry about the obstruction the Sky Venue <sup>(S.V.)</sup> would pose to their orbits.

I see us taking about six months to design the venue, then we'll outsource it's building/construction to our E.T. Friends. And because they can see the future, they'll have already built what we designed, so it will then be our task to tip them into

place and ~~toggle~~ feather them together.

Our completion date, at least for phase one, will be at the end of the acceptable year for the lifting up event. This will be the New Jerusalem. (See Rev. 21:23.)

These key events, starting with the Theophany, could begin tonight.
