

Sagittarius in AB - Tie to this Mission

by Sterling D. Allan, 228033

Dec. 5-7, 2013

Through my life, I've not been one to follow my horoscope, though I've occasionally checked it for curiosity's sake, and have ~~to~~ found it to have varying degrees of relevance/usefulness; but mostly have ~~just~~ thought it to be mildly entertaining. I do think there is something to Astrology. Several of my good friends/acquaintances have been quite skilled in the art. I've not used astrology to address the question of potential partner compatibility. But I'm quite confident that there is something to it.

In the past few days, I've thought to take an Alphabetic (AB) approach to Sagittarius, my astrological sign. The vicinity-ish def's tie very specifically to me and my mission.

<12/6>

On 12/2, I thought to look up the alphabetic insertion point of "Sagittarius" in Str.'07. It occurs ~~on~~ on p. 961, which where I had noted from 2021^{that 961} is the ASCII sum of both "Holy Ghost" ~~and~~ as well as my long standing (since 2016) hashtag "IIIndComing". Inasmuch as ^{The} Holy Ghost/divinity is the source of the truth that the II will convey directly to one's mind, as a Urim and Thummim tool that I came up with (by inspiration). So, for my astrological sign name to insert alphabetically on this page, relating to me, is fitting, this^(II) being a huge contribution to the planet, that I'm foreordained to introduce.

The entry immediately before the insertion point of "Sagittarius" is "Saffron H3743." It turns out that the clues in vicinity of "H3743 Saffron" read like a super-specific horoscope for my life and mission:

- H3743 to proclaim :- make a proclamation [of my teachings/paradigm/website IndComing.org ; triggered by HMITF stepping forward to accept my paradigm and make it known by her endorsement ~~3~~ / promotion.]
- H3744 a herald [ditto]
- H3746 leader (of the flock); ~~a life~~ [Jer. 23:4 "I will set up shepherds over them..."]; a lifeguardsmen [Finding your life calling - theme of my work] :- captains [Chaf FVB] :- Cherethites
- H3747 a cut [divorce] :- Cherith ["Cheri" is the unusual spelling of my ex's common name]
- H3748 [a transposition of "H3478 He shall rule as God :- Israel" - a major theme of my teachings] a cutting (of the matrimonial bond), i.e. divorce :- divorcement... [My belief that I'm HMITF to ~~be~~ overcome and proclaim this "Ye are ^{supported by AB} Gods" message[^] was called "crazy talk" by Cheri, and was my primary reason for also wanting a divorce.]
- H3749 a rim or top margin :- compass [The Zodiac ellipse ~~eclipse~~ around the sun, moon, planet orbital line]
- ↑
- * • H3750 the crocus :- saffron [↓ "Sagittarius"]
- ↓
- H3751 :- Charchemish [kind of rhymes with "Sagittarius"]
- H3752 Karkas, a eunuch :- Carcas [as a play on words,

(3)

is an antonym of the Job 33:25 Fountain of youth promise for the ChofFB who wish to live through the Millennium (Resurrection without dying) — a concept I brought forward and have not heard any one else propound.]

- H 3753 a dromedary (From its rapid motion as if dancing): — swift beast [In my context, ^{this} relates to my teaching (unique to me, as far as I know) that one of the pending gifts of the Spirit that all of the ChofFB joint heirs of Christ will be given is teleportation.]
- H 3754 a garden or vineyard: — increase of the vineyards... [In my context, this relates to (A) the gardens that will be part of the Sky Venue (S.V.); and (B) our E.T. Friends assisting us with our agriculture here on earth; and (C) our colonizing elsewhere in the universe — all of these being unique to my paradigm/teachings.]

The most indisputable specific tie in that set is the ~~rare~~ spelling of my ex's name, Cheri, as the root of the word translated "divorce" in the Bible, being just two def's prior to "H3750 saffron," which is the word immediately prior to "Sagittarius," alphabetically.

Secret of the Thummim

On a tangent to this present piece, the Sapphires daily scripture commentary from Jonathan Calhoun for Dec. 5, titled "Secret Of The Thummim," ~~to~~ points out that one of the meanings of "Thummim" is "integrity".

That has huge significance to me. "Integrity" is the continued (from the previous page) entry for overlapping pages 550 ^(A) (my P.O. Box # in CUCF, Grinnison, when I was envisioning the II, and (B) was Cher's street number) 57102 and 228 (my offender #: 228033) T. Gi' 13. Those pages relate strongly to what I was working on as a prisoner while in CUCF. "Interface", from "Infinite Interface" (II), inserts alphabetically on that page. [^] I've long said that the II is Urim & Thummim capability. Now, I learn that "Thummim" includes the meaning "integrity," thus tying "Thummim" to the opening of those two pages with numbers that tie to me, and whose page content relates strongly to the II. [#]

Remember, too, that the contents of those two pages also overlap the contents of p. 925 WDT - the number of my full name, Sterling David Allan, whose sterling is 925 parts silver, and my dad, David Allan was born 9/25. Oh, and tying this back to astrology, a couple of weeks ago, I asked my parents what time of day I was born. My mom looked it up in her records: 9:25 pm.

I'd like to cite the Sapphires quote for Dec. 5 so you can see how it also aligns with my teachings about "all-in, synced up" being the prerequisite for becoming ChaffB, as well as finding and fulfilling your life calling.

BTW, the def. # for "Thummim" is H8550.

5

I relate to these meanings, "integrity" being a synonym of my first name, which I endeavor well to align with.

"How do you know God's Will and plan for your life? The High Priest of Israel discerned God's will by using the Urim and the Thummim, Thummim is translated in Hebrew as perfection. But it also means integrity. There's the secret. The more you walk in integrity, the more you'll know God's Will for your life, be able to discern it, and be led by it. What's integrity? It's from the Latin meaning untouchable, incorruptible, not tainted, staying faithful, not mixing the word of God, nor watering it down, being true to what you believe, not divided but being whole, all out and the same all the way around, 100% believer. ..."

[sic] "Sagitararius" = 1052

Also on 12/5, I looked up the ASCII sum of what I didn't realize at the time was a misspelling of "Sagitararius" = 1052. As I've seen many times before in AB, this inadvertent "error" ends up having strong relevance.

Most significantly, p-1052 of StriD7 includes the entry "sign" — as in astrological sign; and the facing page has the entry "silver" — as in Sterling silver. (My Native American adopted name is Silver-Thunder.) Several of the entries on these two open pages also relate strongly to the AB code I discovered and use to ~~un~~ unravel God's secret code to those who have

eyes to see and ears to hear. "Sight [eyes to see];
signification [metaphorical meaning in likening to
the context at hand]; signified [ditto]; signify;
signs [e.g. synchronicities]; silence [Isa. 49:2 "in
the shadow of his hand hath he hid me"]; silent [Isa.
52:15 "kings shall shut their mouths at him"]."

"Sagittarius" = 1168

Correcting the spelling of Sagittarius, adding
the second t=116, give an ASCII sum of 1168. Page
1168 of Str.'07 is filled with the entry "thousand,"
which is a synonym of Millennium, which my ministry
is designed to launch, sans cataclysms because we
as a society report based on the word—a higher
path, by far.

~~When I was looking up~~ There's an interesting /sig-
nificant tie between OT def. H1052 ("Sagittarius" ASCII)
and p-1168 ("Sagittarius" ASCII) of the Bible. H1052 derives
from H 7599. The def. just before that is "H 7598 Shealtiel."
That name was brought to my attention in ~1996 by my friend
Ed Motola who is tied to that name genetically and explained
its ^{pivotal} prophetic significance. It turns out that "Shealtiel" appears
on p. 1168 of the Bible in Haggai 2:23 "...son of Shealtiel; will
make thee as a signet"— "Signet" is on p. 1052 Str.'07,
forming the second link in that string between 1052 and
1168. These words, Shealtiel and Signet, are rare, occur-
ring only 9 and 12 times, respectively, in the Bible.

<12/77

Along the lines of p. 1168 Str. 07 ^{having the entry,} meaning "Thou-
sand" / Millennium, OT def. H1052 means "house of ease"
— the relating to the Millennial rest. It derives from H7599,
"to loll, i.e. be peaceful [shiloh]:—be at ease, quiet." (7)
