## How we can go straight to the kingdom of heaven on earth and not hit rock bottom

In *None to One: Evoking the Repentance Clause of Prophecy*, Sterling D. Allan sets forth a clear and achievable path whereby in a very short period of time ("acceptable year of the Lord") we can switch our societal trajectory from worst case calamity to bringing heaven to earth. At the center of that repentance turn-around is people waking up to their true identity as having a unique, grand mission with astonishing gifts as their part of the body of Christ (which includes the gamut of professions from janitor to astronaut — all good services — see Eph. 4:1), wherein embracing, all-in, is found the greatest joy, fulfillment — and is not possible without following one's intuition (comprised of one's higher self, which taps God's fullest powers & wisdom). When you do what you love, you bring heaven to earth. Imagine everyone doing that!
