On 9/12, on (a rebroadcast of) Frank Gaffney's "Securing America" show on RAV TV, he interviewed his frequent guest, former CIA undercover operative, Sam Faddis. A day after the 21<sup>st</sup> anniversary of the 9/11 attack (see my editorials "9/11 Inside Job" and "RAV Wrongfully Poo Poo's 9/11 Truthers"), after indirectly dismissing the possibility of 9/11 being directed by the deep state (proving himself to be controlled opposition, <sup>[surely he knows better]</sup> psy-op master), he set forth (propaganda) what he sees likely coming ahead. He said the "terrorists" have a much larger presence, are better armed (e.g. thanks to Biden's treasonous leaving behind ~ \$8<sup>bil</sup> billion worth of weaponry in Afghanistan, much of which they've sold to finance their cause); and are posed to level a much more significant attack than <sup>what</sup> we saw with 9/11. He speculated that (if timed right) such an attack could be used to "forestall" the Nov 8 election.

What he didn't say (but most certainly knows) is that the deep state establishment would be the ones

(If they lose power, they'll be held accountable; Do you think they want to face the consequences of their tyranny/treason?)

masterminding, orchestrating and providing the narrative on this. Furthermore, if they become so desperate to need something this drastic to maintain their grip on power, combined with their long-standing objective to collapse America as a free country, then they are likely to do something so severe that not only would the election be forestalled, but they would throw us into a martial law, totalitarian state, indefinitely cancelling the election.

# (along with its ripple effects)

I would see something this drastic to qualify as a "rock bottom collapse" event, launch of the reign of the beast - the kingdom of Satan on earth. IF that were to happen, it would be too late for us to evoke the repentance clause (r.c.) of prophecy, whose purpose is to prevent a rock-bottom collapse. Given the great revival under way, I'm very hopeful that we'll avert this by our awakening, repenting, and meaningful actions in defense of freedom and goodness. I elaborate on this in my book, None to One: Evoking the Repentance Clause of Prophecy, available from ItIsComing.com.
