## StoryTV "History's Mysteries"

- (9.9) • Overview of Conspiracy Groups: Skull & Bones; ©2001 Council on Foreign Relations (CFR); Trilateral Commission; Bilderbergers — Featuring <sup>scholars,</sup> David Icke, Jim Marrs. <sup>Though ~26 years old,</sup> This is one of the best ~~synopsis~~ <sup>synoptic</sup> pieces I've ever seen. Excellent journalism, high accuracy, portraying opposing views, e.g. a member of CFR essentially said, "There's no conspiracy" (2 Nov 28:22 "I am no devil, for there is none.") Members of these conspiratorial groups include <sup>many</sup> ~~some~~ of the world's prime leaders, presidents, justices, CIA heads. "The agenda set by these groups becomes reality." [World Economic Forum (WEF) has become the premier guiding conspiratorial group in recent times.]

- (9) • Mt. Ararat, Noah's Ark Quest ©2001

Expeditions, wood samples tested/dated, aerial photos, accounts of people who saw the craft, critique.

- Psychic Paranormal (©2001?)

Houdini died Halloween, 1952. Use of remote viewing and psychics by govt, police
