Aug. 18, 2022

With the egregious FBI raid of Pres. Trump's Mar-a-Lago estate, people have been calling for a disbanding of the FBI and even DOJ.

Truth is, the tentacles of corruption, infiltration and treason by the Marxist conspirators have penetrated every sector of society. That's something Ezra Taft Benson (became President of the Church of Jesus Christ of Latter-day Saints) said back in the 1950's and 60's. This is not just a recent problem. They've been at this incremental take-over for decades, if not centuries. Satan is not new on the scene. ‡

What is new is a massive awakening and resolve to remedy these problems, aka repentance. People are turning back to God and goodness. A huge revival is under way.

The reason the Marxist conspirators who have taken over so despise Pres. Trump (and his MAGA posse) is that he is gifted at shining a huge spotlight on their corruption. Conspirators require shadows/cover-up to propagate.

The entire apparatus of government is filled with this evil, to a large extent.

‡ (See my 9/13/22 editorial, "Open Letter to Marxist Conspirators.")

(2)

Is the answer to burn it down and start over? Who does that sound like? Antifa, BLM...

Considering that we get the government we deserve, what is most needed to turn this around is our repentance - America's (and the world will follow). We need to turn back to God and goodness. When we do so, these corrupted institutions will be cleaned up - from the inside - by people of God who know what needs to be fixed and will be guided by God to do it in an amazing way. (See my 8/12 editorial, "Action: Turn Your Speciality Right-Side-Up.") They (institutions) will be transformed to ideals that will astonish.

Don't get me wrong, it's not that we need to wait until there is a sufficient repentance of the people before we commence setting things in order. To the contrary, a crucial part of repentance is then doing all you can to find a need and fill it ("FANAFI"), as foreordained (Eph. 4:1), including doing your part to set right-side-up what is upside-down in your specialization. ⁹ Keep it up, team; you're doing great! ☺
