A 2020 election fraud remedy I've not heard mentioned anywhere yet is to pass a Constitutional amendment to repair rigged elections. If an election is proven to be rigged, then the bogus "winner" is removed, and the legitimate winner is installed (Appendix C-1). This is a way Pres. Trump could be restored to power long before Jan. 2025.

Yes, I realize that getting the needed super majority either in Congress or by state legislatures would not occur in the present political climate. However, if the revival of national awakening and repentance accelerates, then the political climate could shift sufficient for such an amendment to pass.

In my book, *None to One: Evoking the Repentance Clause of Prophecy* (available from [IIndComing.com](http://IIndComing.com)), I present what I see as a Biblically-prophesied way to pull this off. I see us being well on our way to flipping our trajectory from rock bottom to bringing the kingdom of heaven on earth.
