Isaiah 41:25 comes clearly into focus — every bit of it — when Kari Lake is considered as its subject. Before continuing here to read my commentary [in square brackets], go read the verse yourself to see how clear it is, uncoached. I bet you can see how every element of the entire verse applies to her. Give it a few minutes. Make substitutions of words to their synonyms, e.g. "princes" ≈ leaders. Here's my take:

"25 I have raised up one [Kari] from the North [America; Ohio, where she's from, is on the northern border. 402 pm Mountain, Kash Patel, at the Trump rally in ^{Dayton} Vandalla, Ohio tonight, on the Midterms eve, said, "As Ohio goes, so goes America."], and [s]he shall come ["H 857 to arrive:— come, become, things to come, come upon, bring." After a 27-year brilliant career as a news anchor, seeing all the dishonesty in the media, especially regarding COVID and the 2020 election, Kari publicly resigned in protest, then answered the many calls for her to run for governor]; From the rising of the sun [Arizona Flag] shall [s]he call upon my name [Kari is an openly God-trusting person; sees herself as being called by God to do this work at this crucial/

(2)

precarious time; and sees her race as being symbolic for the nation's jeopardy and our potential/need to set things straight, to a righteous track]: and [s]he shall come upon princes [leaders] as upon mortar ["H2563 a bubbling up, i.e. of water or clay (cement)"] <imagery of both malleability as well as being hardened>], and as the potter treadeth clay." [is a precursor step to the molding of the clay into something useful/beautiful (Isa. 64:8)]

Of course, there is much more to say, both about this verse and its context. It's way outside the box material. I want to keep this much as an entry point, stand-alone.

Per the saying, "He who is one step ahead is a genius, he who is two steps ahead is a crackpot" (Rabbi Shlomo Riskin), I'd prefer to keep this installment on the "one step ahead" level. Part two, "Kari Lake in Alphabetics Bible Code" will go well into that second level. (I'll probably subdivide it into several installments — could easily expand into a book.)

For now, let me just tease that the next page (LDS KJV), 911, is the ASCII sum of a variation of Kari's name. It opens with Isa. 41:27b "Behold, behold them: and I will give to [New] Jerusalem one [e.g. kari] that bringeth good tidings."
