T - Friend got off plane that crashed into WTC 9/11.

Near the end of the class, Bro. Richs ask the class  
 for examples of being guided by the Spirit. My pod-  
 mate, ~~Russ~~ ~~George~~ told of a friend of his, ~~Steve~~ ~~Skidder~~,  
 now deceased, used to travel a lot. One day (9/10/2001),  
~~Russ~~ had a strong impression to pray for ~~Steve~~'s safety  
 in travelling (~~Steve~~ had informed him of a trip he  
 was on, leaving in Draper, UT at the time). Later,  
~~Russ~~ asked ~~Steve~~ about what happened. ~~Steve~~ said  
 he had gotten on the plane and was about to  
 sit down, when he received a strong impression to  
 get off the plane. He followed the impression (re-  
 luctantly, I'd imagine - cost, time, convenience, sched-  
 ule). As he was <sup>back</sup> in the airport, he <sup>later</sup> saw on TV  
 as they announced on the news that his plane  
 was the first (? ~~flight~~) to hit the Twin Towers.  
 He served as a bishop, and raised a razorback  
 guerrilla from infant to adult. <sup>[least of these]</sup> He later died, ironic-  
 ally, from a ladder accident (his time?).
