

Start Giving Global Conspirators Justice Via Tp to Karma Planets

by Sterling D. Allan, 228033

July 21⁻²², 2023

MAGA (Make America Great Again) patriots express deep frustration at the "two-tiered system of justice" that over-punishes conservative/righteous people while letting "insiders" of the Establishment skate. Look at all the evidence behind Joe and Hunter Biden corruption and treason, yet they're not held accountable, Hunter gets a sweetheart deal with no jail time on the tiniest of charges compared to the massive crime/treason he's been involved with. We see evidence come forth in these House hearings, with whistleblowers galore, but because the DOJ is in on the corruption, none of the perpetrators are held accountable.

As I've been mulling on this over the past year, some notions have been gradually percolating, and finally came into focus three days ago. It's really quite simple. Just tp (teleport, once it's activated, when we evoke the repentance clause (s.c.) soon) to a planet strongly parallel to ours, but which has collapsed to rock bottom (which is what the Marxist conspirators here want to do to our planet), to be on the receiving end^{there}, of what they want to do to us here. Karma.

This is in keeping with the prophecies

(see my 8/23/2022 editorial, "Teleportation as a Pending Gift of the Spirit" - for the Chaf F.B.)

(see my book: None to One: Evoking the Repentance Clause of Prophecy)

(2)
about the high being (Global "elite") being made low, and the low (emerging ChofFB) being made high. (e.g. Ezk. 21:25-27.)

We'd be able to watch their sagas via the ~~II~~ ^(Infinite Interface) ~~II~~, how they manage in the dystopia they wanted to subject us to. Some, if not many of them could die, whether from marauding bands of gangs, or neighbors protecting their food stores, or starving, or dehydration, or from hypothermia, or from heat exhaustion, or from suicide.

If they genuinely repent and commit to a life of righteousness, including doing their best to expose and halt the evil conspiracy of which they were a part, then they can come back to our planet.

On the other hand, if they attempt to become a part of the conspiratorial cabal on the planet they are tied to, then they'll be tied to a jungle on another planet where they are now on the menu, with only a knife to defend themselves.

In the case that one of them has critical/crucial needs, then we may arrange a way to ~~re-~~ ^{ad-} ~~ceive~~ ^{minister} those as needed, just to give them more time to repent, realizing that many people in the dystopic civilization would not have that allow-

③

ance.

Each person thus banished from our planet would be tied to an environment / situation that parallels what they would face as a regular civilian on this planet. And like many other citizens in such a rock bottom collapse, they wouldn't have a home (a few may be able to have such accommodations).⁴ As for functionality on our planet, their absence would be treated as if they were made dysfunctional. If they die on the planet to which they've been tied, then ~~they'll~~ ^{their corps will} be tied back here for funeral services and burial / cremation. Otherwise, they'll be subject to the rock bottom ~~collapse~~ societal collapse conditions on the parallel planet, until they repent, or until they try to join up with the evil cabal on that planet so are tied to a jungle on another planet.

The "jungle" planet could be a planet that presently has dinosaurs on it, in the ~~most~~ ^m ~~midst~~ of predators such as we see in ^{the} Jurassic Park series. Except this would not be fictional, but would be viewable via the II in real time as it unfolds.

The problem with that scenario is that it becomes gladiatorial. I want this to spur repentance, not to feed a culture of being entertained by violence, propagating the very thing we wish to bring an end to. It's to be a reality show whose purpose

is to spur a righteous civilization - Zion. Satan and his minions are bound, having no more power over the hearts of mankind.

As for the timing of when this would occur in the timeline I present in None to One: Evoking the Repentance Clause of Prophecy (available from IIandComing.org), I see us doing this with starting within a few days of when I get tip'd from prison after activating the II with HMITE. Some of the early ChaffB to come in will assist in ~~the~~ carrying out tipping these global conspirators to be on the receiving end of the societal collapse they have been seeking to have occur here.

These ^(first ones) would occur before the 2 Chan. 2014 Prayer Event and would spur ~~a~~ many on the left and right - especially ^{among} the myriad of conspirators - to develop the ~~best~~ broken heart and contrite spirit in preparation to participate in the Prayer Event and be primed and ready to receive a mighty change of heart.

This will put the world's ^{key} criminals on notice that they'll be "next" (at some soon juncture) if they don't genuinely repent. Genuine repentance includes doing all they can to undo the evil they've done.

This process of tipping these Marxist conspirators to a parallel planet that has hit rock

(5)

bottom will continue until there are no more key conspirators on the loose, ~~Free~~ free to propagate their evil. I could see giving a deadline date to report, after which all remaining key conspirators will be tipped to the parallel planet to a suitable civilian-receiving-end situation. That could be shortly after the Prayer Event.

No more will it be said they get away with their crime/treason.

You might wonder how those of us carrying this tip out would be ~~not~~ protected from the criminal/conspiratorial ^{not yet tipped} things. Remember, we'll have the Karmic Shield. That which is sent after us shall be returned to those that send it. e.g. a bullet does to the person firing the rifle what they wanted to do to us.

Ditto to the person who ordered the deed to be done. God can do all this. Just the knowledge of this will be a deterrence for them.

They, on the other hand, ^(pending to be thus tipped) will be impervious to protection from justice. We'll know exactly where they are at all times, and with a simple mind command can tip them to the destination planet. From the vantage point of their security detail, their charge/package will just suddenly disappear. And no, it won't be their capture - quite the opposite.

(6)

I see us (Chiefs) doing one set per day at first, of just a few people of a certain genre, which would then (A) garner global media coverage and discussion, as well as (B) have the planet watching the top'd criminals / traitors via the II, which ^{at this point} has been activated for entry-level use by everyone on earth.

Tentatively, here are the sets I envision doing this to, one set each day. Those on this list will know they're time is pending. They could skip their spot by taking significant measures to report. (e.g. This present article can be brought to their attention — by typing a copy to them if someone hasn't already brought it to their attention. There won't be anything they can do to keep this from happening, except report.)

- Joe Biden, ^{Barack Obama,} Kamala Harris, Hunter Biden, Hailemariam Desalegn (sp?) — and spouses. (He he, I looked up "Kamala" in M-W-C on my tablet. Here is what it says? "1: biographical name: Harris | Kamala D(evi) 1964 — American politician; vice president of the U.S. (2021-)." Is her middle name really "Devi" or is someone being funny. Written the way it is, she looks like "Devi" ☺)
- Russell M. Nelson & Wendy. Though the President of the Church of Jesus Christ of Latter-day Saints

⑦

is not officially a member/player in the conspiracy, he has abrogated his calling to be a light to the world, a watchman on the tower, as all Christians are called to be — of varying levels of responsibility. The Church's not being a light on these matters is the primary reason ^(the conspirators have) why they've been able to rise above us to the point they have. So his culpability is massive, and he should be called to account. I would see him being tied among a proper group that could protect him on the parallel planet.

- Xi, Putin, Zelinski, Kim Jong Un (sp?)
- Glenn Beck, Sean Hannity, Bruce Sexton — the primary ~~wolves~~ wolves in sheep's clothing among the MA but media voices — portraying themselves as heroes, while going with the establishment on key points, e.g. "Trump did it with the 2020 election", "9/11 was not an inside job." Unlike Pres. Nelson, I don't think they'd deserve being among the protection of presumes, because that has been part of their cover/facade.
- Bill Gates, Zuckerberg, Klaus Schwab (sp?) ^{George}, Soros, Nivaldo Horari (sp?) — World Economic Forum, Big Tech magnates, driving the conspiracy on an industrial level

(8)

- Justin Trudeau, Schatz, Macron, Luna - national leaders. Marxists posing as... Antony
- Chris Wray, Mayorkas, Merick Garland, ^ Blinker, Mark Mille - Biden admin
- Antony Fauci, Tedros (WHO) - Medical tyrants
- McConnell, Mitt Romney, Ronne McDougal (sp?) - RINO wolves in sheep's clothing
- Ted Turner, Murdoch (Fox) - Media Marxists

Double Synchronicity

Yesterday, I had a double synchronicity in support / consistency with the notion described in this article. ~~At~~ In the morning, I had a follow-up conversation about this concept with my podmate, Alex. I elaborated on the notion that the destination planet being so similar to ours that the location and people names would be close to identical. So, e.g. in trying Joe Biden there, they would recognize him and his name. I compared it ~~to~~ to two verses performing Fiddler on the Roof. The script and music score is the same, but the acting and performance will vary, depending on the skills of the actors & performers. That (me having that conversation with Alex) was the set-up for the synchronicity. On his behalf, I should mention that while he doesn't mind

⑨

listening, and he finds my thinking interesting, curious, fascinating, but he's also troubled that I actually believe this could happen. He, long ago, suggested I write this^{stuff} as a fiction.

At ~ 13:10, I awake from a cat nap and got up to get ready to do a tri-weekly clean of the pod (I usually do the floor 2x/week). Alex had already left to get materials for the cleaning. Suddenly, with just me in the pod, a tote box he set on a bed 3-feet away, fell over, its contents spilling on the floor. I don't recall this ever happening before in my life (something falling without help from environmental perturbation such as wind). It was sitting askew and, apparently, slowly sunk in the bed mattress foam until it tipped over.

When he came back, I jokingly said, "I didn't touch it." (He didn't seem to believe me at first.) He joked, "It teleported!"

About 15 mins later, a new guy moved in (to the bed that had been vacated the day prior, next to me (204B), where Alex had placed his tote box). I thought it was a guy, Jake, that I knew a year ago over at Olympus. We did evening prayers together when I first moved to Olympus for about a week

(10)

before I was moved to another section.

Seeing Seeding his name patch on his shirt said, ~"Chris", I asked, "didit you also go by "Jake?" He said ~~not~~ "no."

It wasn't Jake, but he looks^{essentially} exactly like Jake. Same height, same build, same hair, same beard, same hair color, same bashful nature, same gait. $\frac{1}{2}$

I've never had an experience of such an identical look of a ~~completely~~ different person. And this ~~happened~~ happened^{shortly} after the conversation with Alex.

I see God's hand in this synchronicity to corroborate the notion as being of God.

Article Title in Alphabetics

The ASCII sum of the title I selected for this article comes to 6221. Consistent with the previous paragraph, OT def. of 6221 means "made of God." Divided by 10 = 622, which relates to the 6/22/2016 date I came to prison, from which I believe I'll be miraculously delivered via tip, which people won't be able to dispute has God's hand involved — just as God's justice will be obvious in tipping the Global Conspirators to parallel planets to receive what they intended to dish out here.

(11)

An earlier title I toyed with was

"Global Conspirators to Come to Justice VDa
593 1287 227 388 227 727 288

Teleportation to Karma Planets" = $6879^{10} / 10 = 688^{10}$
1386 227 492 717

Yesterday I looked that^{sum} up in A.B. The only resonance of significance was on p. 688 WDT, which starts with these def-s: "spectacle A public display of something strange and unusual; spectrum [range of scenarios or destination, parallel planet]; ~~spectacle~~ ~~ulate~~ To reflect and think deeply [toward repentance, is the objective, both for them and for those observing]; speech a talk before the public [via the II, their lives will be a reality show, constantly viewable, with highlight reels also prepared]; spell-binding to fascinate or hold as if by magic [to, parallel planet hitting rock bottom]; spend [time on parallel planet]; sphere globe, ball, or other rounded object [parallel planet]; sphinx a very mysterious person; spin [the II will reveal things as they really are - the truth; will not allow lying, or will expose it as such]; spirit The vital essence of man, considered divine in origin; the part of a human being characterized by personality and self-consciousness; the mind; the Holy Ghost; the creative power of God [getting these in sync, in line, would be a desired outcome for this spectacle, "that we may know ye are Gods" (Isa.

(12)

4(1:23)] ; spiritual sacred [they'll know we'll be watching, praying for their repentance] ; spite Hatred or malicious bitterness ; a grudge ; ill will [would be the wrong way to take this, lacking introspection] ; splash [M-W-C "4: phrasal verb | splash across/over | to put (something such as a photograph or news headline) in a place or position where it will be easily seen by many people" = II broadcast ; "6: idiom | make a splash | to attract a lot of attention in an exciting way"] ; splash-down The landing of a missile or spacecraft in the ocean after re-entry [a close parallel wording to their being tp'd back if they repent — hinting that most, if not all, will ?].^u

Bride Tie

I noticed that on the facing page (of WOT) is the def. "spouse," relating to HMITF playing a role in all this (activates the IT by stepping forward to accept this mission with me, all in, synced up; which also activates the tp gift/ability, within AF13 parameters). The defs immediately before & after "spouse" coincide with the Isa. 49:22 insinuation of suddenly going from holder to unvested.

- spotlight
- spouse
- spout ~ to cause to shoot forth

The def. just before "spotlight" further amplifies the "sudden" connotation, and more:

- **spot** — adj. Delivered or made immediately [e.g. "on the spot," such as tip from one location to another instantaneously, regardless of distance — anywhere in the universe]. *Slang* A dangerous or difficult situation [yes, but not impossible, with God's involvement; and certainly not boring. ☺]

That def. & set I just mentioned, ties to the first word, "spot" that appears on p. 688 I just cited above, continuing from the def. "speck" that begins on the previous page. I drew a line between these two instances of "spot" on these facing pages (before I noticed the very relevant meanings of "spot" as cited just above).

Answer to Prayer

I realize that all of this sounds fanciful, but let's take a look at it's key premises. My tip editorial cited earlier gives many scripture refs that point out instances of tip in the scriptures, including of Jesus and a ~~str~~ small ship ^{with disciples} "immediately" arriving at their destination (John 6:19-21). So, tip is real (as a capability of God), if the scriptures are real, which most of you believe. Second, the scriptures speak of joint heads of Christ, and Jesus says, "He that believeth on me, the works

that I do shall he do also; and greater works than these shall he do also" (John 14:12) [e.g. tipping a slew of the planet's foremost Global ^{Marxism} conspiracy vol-ladns to a parallel planet that hit rock bottom instead of evoking the r.c. — to be on the receiving end of what they've been trying to impose here].

So, us doing this is not inconsistent with the scriptural promises. (Of course, a whole book could /should [by someone, later] be written to establish how all of this comports with scripture and prophecy.)

Adding the double synchronicity of yesterday, the Alphabetics resonance, the gradual unfolding, and the spiritual centeredness/peace I feel, I'm confident that this is the will of God for our new future. It certainly would be an answer to prayer for many patriots concerned about the direction our country and world we headed.

I's Documentation of Deservedness

Just from my radio/TV notes, I could compile a solid list of points of evidence that the names I named above of some key Global Marxist Conspirators being guilty of profound crimes against humanity — many times over for what ^{would} be required to incure the manner of

consequences I propose here. The volume of evidence is vast, as is becoming ever more apparent from the House hearings, RTV TV reporting, Project Veritas exposés, etc...

Along with the tip activation, the II activation will make it easy for us to compile and list the evidences for each person that will be tip'd for justice in this way. The II will also enable us to detail many points of evidence not yet known or disclosed, such as insider conversations, unredacted receipts, viewing key events & meetings. The II will also make it easy to display as brief or exhaustive a report as is desired by the viewer. It will also make all of these contents translated perfectly to the user's native language. And all the info will be in full fidelity, 3D in many cases where relevant/useful. It will also enable a conveyance of environmental elements of relevance such as aroma, vibrations, temperature, breeze/air flow. All of these can be attenuated per the user's ability or inability to handle certain levels of intensity. It's entirely user-specific.

The conspiratorial culprits will be ~~now~~ made aware that ^{once tip'd} they will be viewable by anyone (within AF 13 parameters, e.g. blowing out or blocking inappropriate content) on our planet.

(16)

However, their ability to use it will be commensurate with their repentance and proportional to the extent to which they get all-in with their unique foreordained calling in life and get synced up with God to guide them in all that they do. ~~Their~~ Their ability to ^{finally} have a 2-way conversation via the IT will be a good signal that they're on their way to repentance.

Their influence in helping that parallel planet to repent could be the best indicator of their genuine repentance. Together, in Saul → Paul manner, it's not inconceivable that they could effectuate a post-collapse, belated r.c. there, enabling that planet to truncate their grovelling in the sock-bottom abyss and be redeemed early.

In that scenario, it's not inconceivable that they could choose to stay put there ever after they achieve the all-in, synced up stature, making them joint heads / Chief FB; so they can guide that planet to bringing the kingdom of heaven to their earth, at which point ^{they'll} ~~will~~ be able to up to / from there freely.

One Couple / Planet(s)

Last night, after writing the above 2 #s (then the ^{main} lights were turned off), I thought of an

(there are an abundance of closely parallel planets to ours, which have hot rock bottom rather than the t.c., and which are presently evolving the t.c., and which are presently at that stage in their psychotropic time line)

expansion of that notion. Rather than tip all of the conspirators to the same planet, we could tip each couple to a different parallel planet[#], with the task of ~~the~~ using their influence to flip the planet to repentance, after the key conspirator undergoes his/her own Saul → Paul transformation once tipped to that ^{their} plate planet.

The more they get in love with God, the more they'll have access to guidance from wa the II, collaborating with their fellow converts on other planets, to best effectuate global change for righteousness. They'll be able to utilize their leadership acumen for good, and in defense of freedom, rather than to undermine and destroy these things, as they have been doing here.

This will enable them to illustrate/embodify the truism that one person really can radically transform society for good. And, apparently, the number of thus-affected planets could be more than one - plural. I get that from the AB study I did on the string "One Couple / Planet" (with space before/after the "/") this morning. In tabulating the ASCII sum, I copied the ~~"217"~~ "217" I had written under "Planets" from the 7/20 string I did, mentioned above, yielding a tally of 1785 (10 = 179). That gave extremely strong resonance.

(18)

Then, I realized I had used the plural sum, "Planets". When I re-tabulated the sum (-115) (=1670), that number didn't have even close to the same resonance. That indicated to me that the plural form of "Planets" is the most correct generalization of "One Couple Couple / Planets," even though it's awkward grammatically. Grammar is not accustomed to one couple being able to effectuate massive change for good on this level for more than one planet. ☺

"One Couple / Planets" in Alphabets

I rated p. 179 WDT a 9 in resonance. Here are some of the highlights.

- coparcenary Joint ownership; joint heirship [joint heirs of Christ = ChofFB = all-in, synced up = the outcome objective]
- copartner [couple]
- cope To strive; to struggle or contend with something [won't be easy to (A) survive, (B) repent and facilitate societal flip to good]
- copier [In the rock-bottom collapse, things we presently take for granted will be scarce if ever available at all. (B) Those who t'p'd who repent and set forth to flip the planet to good will benefit from comparing notes with others doing the same on other planets,

and emulating what they see would likely work on the planet they're on.]

- coping saw [this def. has some great metaphorical relevance:] A saw having a very narrow blade stretched in a U-shaped [180° = repentance] frame, and used to cut curves and fancy patterns. [watch^{me}] # (prave me wrong, Joe B!)
- copious Yielding something in large quantity; abundance [Global repentance]
- cop-out Slang A way to avoid responsibility; a person who cops out. [All these conspirators ~~we~~^{we} to away have it in them the do magnificent things^{working in league with God}—if they will. They don't have to. If they cop out, they're likely to perish along with most of the inhabitants of their planet.] [likely: Biden ≠]
- copper [sterling silver is comprised of 92.5% silver and 7.5% copper. Alludes to the excellence to which these people are called.]
- copy [ditto "copier"]
- copy edit v. To edit and correct... [as needed for implementation on specific planet]
- copyright [The II facilitates a fair remittance of royalties per user, per time used. If they don't want to give permission, the II can generate a better version of the needed content, and they get nothing for it.]
- cord [The II has no power requirement, no cords, and thus will be available to these players no matter where they are—if they're in mode of repenting.]

- cordial Warm-hearted and sincere [ChofFB]
- cordiform Heart-shaped [♥] [Couple]

This afternoon, I looked at the defs on the facing page for relevance. Here are some highlights from p. 178 WDT.

- convey to transport [tp] • conveyance
- convict To prove someone guilty [e.g. House hearings, other evidence; II documentation] n. A prisoner ^{they will effectively be,} [on another planet]
- conviction To cause to believe without doubt [conversion]
- convivial Relating to entertainment and good company [great reality show]
- convocation A ~~to~~ formal ... assembly [e.g. 2 Chon. 714 Prayer Event on that planet, too]
- convoke To call together ... [for 2 Chon. 714 Prayer-Event]
- convoy travelling together [tp couple to planet; but not tp the converted away, as they need to help remedy things on their planet]
- cool Slang First-rate; composure [ChofFB]
- cool-headed Calm; not easily excited [Bring peace]
- coop [If they opt-out, and try to cooperate ~~we~~ and get in league with the conspirators on that planet, they'll be tp'd to a jungle-type setting...]
- co-op / cooperate / cooperation / cooperative [Our planet will be able to tell ~~if~~ ^{if} the tp'd conspirator has repented, and their dialogue with the leaders of that planet is for the purpose of bringing repentance, if they haven't been tp'd to a jungle...]

- **co-opt** To elect or choose as a new member [bringing that planet's leaders to conversion to God's ways]
- **coordinate** To be equal in rank, importance, or degree [As the "elite" (conspirators) of that planet humble themselves and receive a mighty charge of heart, they'll be able to become ChOFFB if they go all-in, with their unique calling from God and sync up with God. (D&C 88:107 "And then shall ... the saints shall be filled with his glory, and receive their inheritance and be made equal with him.")]
- **coordination** [M-W-D "1: noun | the process of organizing people or groups so that they work together properly and well | the harmonious functioning of parts for effective results" —e.g. leadership skills, which these individuals have, now applied to the body of Christ.]

After elaborating on this, I think I'll upgrade pp. 178, 179 WDT^{to} a 9.5 in relevance.

I rated the def's surrounding NT def G1785 a 9, but I think it's more like an 8.5.

- G1781 to enjoin: — (give) charge, command, give commandment [charged to (A) repent, (B) flip the destination planet to good]
- G1782 here, on both sides: — on either side... [These conspirators from here, who repent there, will be able to relate to their evil players, and influence them for good.]

• G1783 an interview, i.e. (spec.) supplication 2 - intercession, prayer [(A) II correspondence & viewing; (B) these former conspirators interceding for the planet they're tied to]

• G1784 valued: - dear, more honourable, precious, in reputation [(A) These former conspirators go from being loathed (their deeds) by the populists/patriots, to being revered; (B) their Marxist-adulating leftists will also mostly respect their transformation] [key leaders]

↓ * • G1785 injunction, an authoritative 'prescription' - commandment, precept [e.g. this present article]

• G1786 a resident: - of that place [tied to another planet]

• G1787 inside: - within ["insider" ≈ conspirator in this context]

• G1788 to invert [right-side-up], respect [v.] confound :- regard, (give) reverence [v.], shame [one man's group's hero is another group's villain] [repentance]

• G1789 to educate: - nowish up in [transforming the destination planet for good]

No, I'll rate that set a 9.

Yes, I see this AB resonance appearing to put a strong double stamp of approval of this notion of "One Couple / Planets." (of conspirators)

I rated the ^{Following} OT viscosity def's a 7.5 in resonance.

- H1777-1783 judge (merit)
- H1783 justice [Title of this piece: "Start Giving Global Conspirators Justice Via Tip to Karma Planets"]

↓* • H1785 a battering tower: - Fort [implements of war, obsoleted by evolving the r.c.]

- H1786 threshing time [harvest of souls to God]

The plural, "Planets" ASCII sum = 602. Forting this paper's context, p. 6 the heading on p. 602 of Str:07 is "kind-king".

{ #Tip Conspirators 2 Karma Planets

{ See also: "Open Letter to Marxist Conspirators" (9/13/22 editorial)

All this (above scenario, of this article) provides (A) a way to spur the key Marxist conspirators to repent; (B) removes them from continuing their evil here; (C) inspires many here to repent; (D) prepares many here for the 2 Chron. 7:14 Prayer Event; (E) provides an avenue for this r.c. to spread to many other planets that have already had societal collapse, redeeming them; (F) features tip as a real thing; (G) brings awareness to zillions of ET friends out there - planets very much like ours; (H) gets people to think on a very deep level; (I) turbo charges the launch of the r.c. here; (J) highlights

the level of advancedness of our planet.

Writing this piece has been a good stretch for me. I don't expect others to start taking it seriously, until this paradigm begins to materialize.
