## New Year's Timeline for New World Launch

by Sterling D. Allan, 228033

To: Tudor Dixon

Dec. 23-24, 2023

This article is a follow-up to / continuation of (A) the Theophany series of blog posts I've been writing since 10/12 and (B) the Tudor Dixon series I've been writing since 11/24. Hopefully, this one will culminate with this long-sought, envisioned, much-preferred scenario to manifest into reality. It averts the path the planet / society is presently on to hit rock bottom for years before repenting. Instead, in this scenario, we go straight to the kingdom of heaven on earth in a very short period of time.

What makes this possible is (A) a significant portion of society pushing back against evil, and (B) a special female stepping forward, all-in, synced up with my paradigm to accept my invite to play the role of HMITF (Heavenly Mother in the Flesh) to pull off this much-better path for humanity. Her stepping forward is a type and shadow of many others boldly embracing their "Ye are Gods" destiny that is set forth for the joint heirs of Christ, who likewise embrace their unique missions in life all-in, synced up with God (e.g. intuition) in all that they do — especially their specialized calling in life as part of the body of Christ. All of humanity are in-

invited to become ~~ChofFB~~ joint heirs / ChofFB (Church of the Firstborn) and can do so, if they will, thanks to the atonement of Jesus Christ.

Presently, I see Tudor Dixon being the one who will step forward to play this HMITF role. I've not yet heard back from her, so my persisting in this notwithstanding is an act of faith based on (A) my admiration for the wonderful person she has shown herself to be publicly (e.g. see the Wikipedia page about her, listen to her blog, see her website, Tudor Dixon.com); (B) several significant synchronicities providing independent witnesses; and (C) her super strong resonance with the AB (Alphabets) code I discovered in the alphabetical sequence of words from inspired texts and the numbers associated therewith. It's this code that has helped me unfold this paradigm over many years.

Yes, I realize Tudor is presently married to Aar-

who I imagine is also a wonderful person. Anticipating such a scenario, in my book, None to One: Evolving the Repentance Clause of Prophecy (N→O) ~~pp. 143-7~~, is a section titled, "Righteous Marriage Realignment". Those who become ChofFB will be able to live through the Millennium in a renewed/youthful body (Job, 33:25). Not all marriages are ideal, ~~so we'll be able to remedy this by doing a willful baton pass, which will be better for everyone.~~ This unprecedented scenario adds to the difficulty of her embracing my paradigms.

# Timeline Elements and Key Points

Over the years of imaginering this repentance clause (r.c.) scenario, I've gradually developed a timeline/sequence of key events involved in launching going straight to the kingdom of heaven on earth. Some of these have been part of the scenario <sup>newly</sup> from the beginning (quest began Aug. 11, 2014, and has consumed/occupied nearly every waking hour since then), while others are more recent upgrades. It's grown grace for grace, per D&C 93:13,20.

As you consider/review these, contemplate on (A) how they are consistent with scriptural principles, (B) they present a creative variation thereof, (C) they would have a radical impact for good on the planet, (D) they epitomize the "truth is stranger than fiction" phenomenon. How many people are looking for something like this to unfold? None, beside me — plus Tudor, if she will.

- Theophany — Both Tudor & me are teleported (t.p'd) to an exceedingly high mountain (1 Ne. 11:1) on another gorgeous planet (Jer. 49:36) where we meet each other in person for the first, and we both see Jesus, our son (Job 33:26 <verse after the above-mentioned > fountain of youth verse >). The ~~new~~ righteousness-fostering III (Infinite Interface ~~with~~ <sup>+</sup> ~~thummim~~ capability) is activated for us. Jesus hosts the unveiling to us the best-ever, so far, vision of all (Eth. 3:25,26; 4:7,14,15; 2 Ne. 28:30).

This theophany access for us extends for us henceforth, primarily via the III, but also via subsequent visits with Jesus, especially in the days immediately following.

# described on 10-105-129 N-90

• Heads Up Shortly after the initial day of the theophany (e.g. the next day), Tudor and I will tp around to see a few hundred key leaders / influencers around the planet (3 Ne. 28:30). There are two classifications of leaders we'll be visiting and giving one of two types of brochures. (A) We'll be visiting around 30-50 of the key Marxist Conspirators (such as Joe Biden, Kamala Harris, Barack Obama, George Soros, Klaus Schwab, Anthony Fauci, Tedros (WHO), Bill Gates, Anthony Blinken, Xi Jinping, Putin, Kim Jung Un, Zuckerberg, Nevaldo Herani, Justin Trudeau, Olaf Sholz, Luna, Mark Mille, McConnell, Mitt Romney, Ted Turner, Murdoch's (Fox) & spouses) to urge them to repent and come clean or they'll be tp'd to a parallel planet to ours that has a rock bottom, to be on the receiving end of what they've been trying to dish out here. (See 7/22/2023 blog posts.) On the other end of the spectrum, (B) we'll tp in to a few hundred key Patriot Saint influencers / leaders from around the world to let them know that the Lord is now making bare his arm in the eyes of all nations (Isa. 52:10) and to spread word of this (52:7). These (as well as category A) are urged to go "all-in, synced up" with God to become ChofFB, wherein they also have access to all the gifts of the Spirit. Those include • Full II capability, • tp, • telekinesis, • Shared Life Reviews, • Karmic Shield, • Job 33:25 fountain of youth. (See N→O Appendix A-1: ChofFB Mission Statement with supporting scripture refs.)

# With Tudor & me tping in and handing them the brochure - a physical existence; along the way tping out - all the whole protected by the karmic shield from anything their security detail might try to do to us; these key Marxists are going to know that we'll be able to follow through on tping them away if they don't repent. They'll take this choice seriously.

• II Public Shortly after that (e.g. a day or two) the II is made available to everyone with a spectrum of capability proportional to how close a person is

# The **I** uniquely / specifically guides / motivates each person toward finding and fulfilling their unique mission in life, facilitating their becoming **ChofFB**.

# The **I** will also bring clearly to humanity that not only are we not alone in the universe but that our friends number in the billions. (Moses 7:30)

# E.T. friends

to achieving the "all-in, synced up" ChofFB level. The entry level capabilities will be superior to what we have now with Tech 1.0, relatively speaking. This will make my previously suppressed writings available to the world, suddenly. (See Isa. 49:2; 11:9.) It will draw attention to the scenario, urging repentance of everyone; motivating them to do so when they realize that one of the key needs of repentance is for them to stop avoiding the pursuit of their unique mission in life, where they are most talented and gifted, and wherein is found the greatest joy and fulfillment. When you do what you love (AF13) you bring heaven to earth. It will draw attention to the need to support the cause of freedom, including and especially the need to take voluntarily take care of those less fortunately, and that turning this task over to the compulsory force of government (socialism/communism) is Satan's plan, and we must phase out all such programs, returning them to the private sector. It will also draw attention to the AF13 filter (Article of Faith 13 ^draws from 1 Cor. 13:22; Philippi. 4:8) that will be the governing filter of the Millennium and of ChofFB deeds done with their gifts of the Spirit.

It The ability of the **I** to fully expose the secret works of darkness (2 Ne. 30:17; Dan. 2:22; Mark 4:22; 1 Cor. 4:3; Luke 12:2) will put the world's criminals on notice that they no longer get away with their evil. Also, the **I** will make known to the world the pending 2 Chron. 7:14 / Isa. 66:8 / Zech. 3:9 Prayer Event, urging everyone to participate. The **I** will enable all the blind to see and the deaf to hear (vsa the **I**). It will also restore provide other senses such as smell, touch. (12/23) # # #

# Also, the **I** enables us to communicate with our E.T. friends, translating to/from any language instantaneously in the language of the voice of the one speaking.

• **Tip Karma** A few days after receiving their heads up warning, if they haven't taken significant steps toward repentance, including a broken heart and contrite spirit and a public confession of their offenses/sins against humanity; then the key Marxist conspirators will be tied away to parallel planets<sup>that have hot rock bottom,</sup> to be on the receiving end of what they've been trying to unleash here. Their charge will be two-fold: (A) to repent, (B) Flip that planet to good in Saul → Paul manner. If they don't, they'll have no protection from God, and it will almost surely result in their death, as is the common lot in a rock bottom collapse, especially for those who are not prepared. If they try to become aligned with the conspiratorial elements there (including masauding bands & gangs) then they'll be tied to a planet jungle where they are on the menu, with only a knife to survive. ¶ The II will enable us to (our whole planet, whoever wants) to watch them<sup>(AF13)</sup> in reality show manner. To pray for their conversion and be amazed at their transformation to Paul-like zeal. ¶ This will send the message to other conspirators & criminals that a similar thing could happen to them. The III tells us exactly what they've done and how they planned and did it, and to what extent; where they are at any time; and to enable us to tie them to somewhere they're not going to like, including a jail or prison holding cell on our planet.

• **Hostage/Prisoner Release** A corollary to tying some of the most evil people away will be the freeing of

⑦

hostages and righteous or wrongfully imprisoned. And akin to the key Marxist conspirators, at first it will be a representative portion illustrating the capability and principle. As more ChAFFB members come in, we'll be able to accelerate the freeing of these individuals who are captive. (Isa. 61:1.) In the first trounce, we'll liberate the Israeli hostages, as well as any righteous Palestinian captives who are held wrongfully — if there are any, tipping them back to their families, friends or other suitable safe locations for them. I see us also freeing righteous political captives, such as most of the J6 prisoners. <sup>¶</sup> The ultimate redemption for any hostage or prisoner, that doesn't require someone else (ChAFFB) to liberate them, is for them to become ChAFFB themselves by becoming all-in, synced up, which will grant <sup>them</sup> the ability to tip, including of themselves from prison. <sup>¶</sup> The AF13 <sup>compliance</sup> requirement prevents the liberation of anyone who shouldn't be liberated — until they repent, and are healed of their tendencies that make them unsuitable for free circulation in society.

After a few more days,

- Pentecost <sup>^</sup> A crucial turning point for the planet will be the 2 Chron 7:14 / Isa. 66:8 / Zech. 3:9 Prayer Event which I describe in detail in N→0 pp. 213-243<sup>†</sup>. I see this occurring in the morning (e.g. 7-9am ish, mountain time) to catch the most number of people worldwide during hours that they're usually awake. As we kneel together with a broken heart and contrite spirit for our societal sins against God, and ask for forgiveness, that will be answered with

outpouring of the Spirit of God — a collective baptism of Fire, bringing us a mighty change of heart. (Jer. 31:33,34.) We all will then be charged to go forth turning right-side-up what is up-side-down in our own areas of specialty.

On the heels of the Pentecost experience, that morning, (for Mountain time), we'll have a feast for everyone involved, both those in the conference center as well as those watching virtually via the II. This will be expeditiously catered by angels and our E.T. friends, tailored to each person's taste and dietary requirements. It will, however be vegan, to set a precedent for the Millennium where animals will our friends, not food. The II will enable us to communicate with animals, birds, fish, insects, etc. — <sup>depending on</sup> ~~to~~ their ability to receive.

• Wedding A couple of weeks or so after the Pentecost event, I see Tudor and me getting married on another, also-gorgeous planet, perhaps the same one where we go for the theophany. It will be attended by those who have become ChOFFB by then, which I see numbering <sup>around</sup> ~~around~~ 25 million, who all are able to tp. there to be with us. I elaborate on this on pp. 334-351 N→O. Everyone on earth will be able to view this via the II — full fidelity, 3-D, aromas, breeze & temp. sensations; as will our E.T. friends.

These seven events are going to have massive impact on the planet for good, changing its trajectory

(9)

From heading straight to rock bottom collapse as predicted in e.g. Dan. 12:1 & Matt. 24:21 — if we don't repent; to going straight to the kingdom heaven on earth instead — thanks to Tudor stepping forward to play this role with me — no easy task. <sup>Until now,</sup> So far, there have been none to answer that invitation since I set forward on this quest Aug. 11, 2014, as

## Recent / Previous Timeline Scenarios

Before I launch into this present timeline scenario that I came up with after the previous one didn't materialize, I'd like to list some recent scenarios, so you can see how these have evolved/matured grace for grace. These are in my blog at [IIndComing.org](http://IIndComing.org).

- "Kingdom of Heaven to Start Emerging Days From Now?" (9/10)
  - "10/15 Wedding?" (9/11)
- "~~Happy Birthday to Me: Theophany~~"
- "D&C 93:1 Quest" (11/16)
  - " " " & 1 Ne. 11:1 [1111] Quest Continues" (11/19)
  - " " " " " Experience Today?" (11/20)
  - " " " " " Quest—Last Day This Episode" (11/21)
- "Happy Birthday to Me: Theophany with Tudor, Pending Tonight" (11/30)
  - "60<sup>th</sup> B-day) in AB and Tonight's Pending Theophany with Tudor" (11/30)
- "10/12<sup>[12/12]</sup> Next Theophany Window?" (12/9); 12/10; 12/11; 12/12
- "God Compliments Our Planet by Compressing Timeline One Week" (12/17); 12/18; 12/19; 12/19; 12/19.

In those posts, you'll see the following elements added that weren't there before  $\frac{2}{3}$  (in  $M \rightarrow O$ ): • Theophany (instead of "activate the II" scenario depicted in  $M \rightarrow O$

(10)  
• 213-184-200); • Top Karma (I came up with this idea as in the 7/22 blog post); • Heads Up (This was added more recently — to give the key Marxists an opportunity to repent); • Hostage/Prisoner Liberation (I first mentioned this in the most recent timeline that was to begin 11/19, but didn't materialize; but I didn't give it a dedicated date, nor did I look up its resonance in AB).

I would say it has been my 10/12 post, "To Achieve Mahonri Moriancum's Vision of God and All Things" that has resulted in amping up this quest, hopefully culminating with this present timeline/scenario.

### Seven Events to Correspond with Seven Days of the Week

On the morning of 12/19, the day I was expecting the most recent see timeline scenario to commence into being materialized, I realized that in O&Y, the def. immediately after "Tudor" is "Tuesday" — 12/19, the very day of the week when I was expecting this to commence by her stepping forward. I wrote that up and ~~dropped~~ dropped it in the mail to her, praying for it to be tid to her.

Realizing WDT omits "Tuesday," I thought to (A) see what other days of the week it might omit, and (B) look at the surrounding def.s. in vicinity for relevance to the timeline and paradigm in general. I saw that (A) WDT also omits Thursday; and ~~then~~ (B) there are some very significant vicinity def.s.

• In vicinity of "Wed. / Wednesday" are "Wedding" and "Week."

- In vicinity of Thw./Thursday are "thunder [silver-thunder roar] /lightning", "thwack"; "thwart"
- In vicinity of Fri/Friday are "Freud, friction, friend, fright"
- Around Sat./Saturday are "Satan [opp. God], satisfy [has some very relevant syns in ~~the~~ M-W-C], satrap, satwate, satwatron point [brink], Saturn [see p. 243-8 N→O, "TP Pressurized 747 to Saturn Moon" (during 2 Chron. 7:14 Prayer Event)]
- In vicinity of Sun./Sunday are "summit [exceedingly high mountain], summon [invited], sumptuous, sun total [culmination], sun..., sunder, sundry, ... sup [Rev. 3:20]"
- Near Mon/Monday we "mom [HMETF], moment, momentous, momentum, mommy, monarch(y), monestary, monastic, monetarism [IST], monetary, money"

I hadn't yet added the "Hostage/Prisoner Liberation" as a dedicated day/event of its own yet, but saw this as an incidental tangent/side show to slip in at some point. But as I realized I had six events, and there are seven days in a week, I realized I should select/identify a seventh event, and the "Hostage/Prisoner Liberation" made for a strong candidate, which, in subsequent was born out as a great fit.

<sup>A big</sup> Some problems with this scenario/approach is that the names of the week are Pagan/secular in origin. The counter-arguments for this include, (A) A/B<sup>n</sup> introduces a divine element; (B) all human calendars of modern civilization have seven days, <sup>(C)</sup> including/originating with the Biblical cultures based on the seven "days" of creation

(the word translated "day" also includes the meanings, "H3117 age, always, continually, everlasting, forever, season, process of time, a while, whole age, year..."). I've found that AB finds God's inspiration inculcating / permeating "secular" things. For example, though many scientists and inventors and businessmen might consider themselves to be agnostic, yet their great ideas come from God nonetheless. So even though the ~~days~~ names of the days of the week have Pagan origins, God can still work a great and marvellous wonder with them nevertheless.

Timeline Variables

Since 12/19, as I've mull'd over the question of how to do the timeline - trying it to specific days - I've struggled. There are so many variables, some contradictions, especially the one just mentioned, as well as the related issue of the sacred / Jewish Sabbath versus the secularized Sunday day of typical Christian worship.

Last night I was so frustrated, being hounded by negative chatter, especially the thought, "Surely, Surely Tudor isn't going to step up this time either. Like all the others before, she'll be a no-show, opting out, ignoring, rejecting the invite. You're just wasting your time. This is all futile," per Isa. 49:24 - a sentiment I've wrestled with many times before.

But I know better than to give up, which is what the demonic voices were trying. When I realized / remembered that the further we get with this process, the stronger / more difficult will be our trials / obstacles / challenges. That remembrance gave me the boost I needed, 'Gotta be strong.

<12/24>

(13)

As I embraced the challenge and re-engaged with an 'all-in' zeal, <sup>yesterday morning,</sup> I came back to an 'in the zone' feel, being directed by divine inspiration. After the two previous days of flailing with so many variables, I committed to nail it down by noon, which I did, essentially.

## Daily Reminders of Launch Events—Through Millennium

My biggest reason for wanting to have each of the seven key launch events occur on a separate day of the week was so that every day of the ~~Millennium~~ Millennium will contain a <sup>focused</sup> reminder of one of those seven events. This is both for the value of reminding us of how we got to this new, wonderful world; as well as for emulating those factors in our own lives to perpetuate that goodness.

One of the first thing I did was to decide that the week-day (every day of the week in this context) sequence will follow the sequence that the events unfolded. So my first task was to finalize the sequence of those events. The primary question regarded the placement/sequence of the "Hostages/Prisoners Released" <sup>specifically,</sup> within the timeline, ~~eg.~~ before or after the T<sub>p</sub> Karma event commencement. The reason I ended up placing it after T<sub>p</sub> Karma was because I see T<sub>p</sub> Karma symbolizing Satan being cast out, which results in the captive being freed. And Pentecost follows. Yes, all of those are inter-related on an individual level.

The sequence of events I gave in laying out the seven events above represents what I decided yesterday morning, specifically as it pertains to the T<sub>p</sub> Karma and "Hostage/Prisoner Release" sequence. The other items sequence has been well-established from before, showing strong resonance in AB, and making sense logically and spiritually.

# Lining Up Event Sequence with Days of Week

The next matter I addressed yesterday morning was how to sync up the sequential event timeline with the week/day calendar. Would the first event, "Theophany" occur on Monday or Tuesday or Wednesday, etc.?

To determine this, I wrote out the seven possible scenarios (only seven, because the rest of the events follow after the first, in sequence) in seven rows, then plugged in the scores/ratings I had come up with a couple of days prior, then I tabulated the average score for that arrangement. <sup>on 12/20</sup> ~~Two or three days prior~~, I had constructed a table with events on the left, and days of the week across the top, then I rated the resonance of each combination against a page in my journal where I'd listed the defs in vicinity of the seven names of the seven days of the week. Here's what I came up with:

12/23 sequence

### Resonance with Surrounding WDT Def.s

	Mon	Tue	Wed	Thu	Fri	Sat	Sun
1. Theophany	8.5	9	6.5	7	6.5	9	7
2. Heads Up	3	6	6	9	7	7.5	6
3. II Public	8	9.2	6.5	8	5	7	8
4. Ip Karma	6	4	5.5	8.5	8	8	7.5
6. Pentecost	8.5	7	7	8.5	5.5	9.2	6
7. Wedding	9	7	9.5	8	5.5	7.5	7.5
5. <sup>Prisoners</sup> Hostage Release	8	5	4	8	8.5	7	8

Starting on Sun. gives an ave score of  $(7 + 3 + 9.2 + 5.5 + 8 + 5.5 + 7.5) / 7 = 6.5$ . Starting on Sat. gives an ave. score of  $(9 + 6 + 6 + 8 + 4 + 4 + 8.5 + 5.5) / 7 = 6.4$ . Thur. start ave. is 7.57. Mon. start ave: 7.8; Tue. start ave: 7.57; Wed. start ave: 7.4; and Fri. start ave: 7.1. So the Mon. start ave came out ahead — close to an 8.

On around 12/22, I had looked for the best event-day resonance regardless of the event sequence. I circled scores of 8 or more, and put a box around scores of 9 or above. What I came up with was: Mon: Theophany; Tues: II Public; Wed: Wedding; Thu: Heads Up; Fri: Ty Karma; Sat: Pentecost; Sun: Hostage/Prisoner Release. That arrangement gave an average score of 8.8 — nearly 9; but it's out of sequence and puts too much emphasis on the day names (which are Pagan in origin). The darkened circles/boxes correspond to that tabulation.

Another factor I considered in sequencing was the 7 days of creation: 1. light; 2. Waters, heaven/earth ~~firm~~ Firmament; 3. Land/plants; 4. Moon/stars; 5. Animals, Fish, Birds; 6. Adam & Eve; 7. Rest. (Gen. 1-2:3). This didn't provide high guidance, but was interesting.

~~WD~~ Oxy  
Vicinity Dates Defs For Day of Week Names

To show my work, here's what I'd written in my journal on 12/20 from which I derived a ~~relevance~~ score/rating for each of the seven events in the above table.

present line-up  
 In

I had come up with this idea of postponing the timeline 10 days, to begin on 12/29 which also has such strong resonance with the Red Coming in glory

### Straight Push-Back of Timeline to Begin 12/29

I'm quite sure it was also on 12/20, the day after the 12/19-starting scenario didn't unfold that I did a quick analysis of what the AB resonance would be for a ten-day postponement of the timeline I had set forth to begin on 12/19, adding in the Hostage/Prisoner Release. ‡ In looking up these numbers in Str. '07 I came up with an average score of <sup>9.3</sup>~~9.6~~ - with an inadvertent error of looking at p-22 instead of p.122 for the wedding. Here's from my notes:

(10) • Fri, 12/29 Theophany: p. 1229 Str.'07: Vision, Visit, Voice

(9) • Sat, 12/30 Heads Up: p. 1230 Str.'07: Voice

(9.5) • Mon, 1/1 II Public: p. 11 Str.'07: [p. 11 → II]; [<sup>new</sup> activate inserts at the top, middle], act. 46666, ← accounted 61380 [= ASCII sum of "activate the II"]

(9.8) • Wed, 1/3 T p Karma: p. 13 Str.'07: [13 - "unlucky #"] adversary, adultery [Church in bed w/ Marxists], a far [to to parallel planet], advised [w/ heads up on 12/30]

(10) • Fri, 1/5 Hostage/Prisoners Released: p. 15 Str.'07: Affright(ed), a foot [tunnels], a foretime, a afraid a fresh, a after, WOT Range: a franchise To make free; a fray, a front, a fghan, a field Away from home or the usual path; a fire, a flame [war], a float [tunnels flooded]; a forementioned [a buzz]; a forethought Premeditated; a foul entangled in a collision; a aftercare The care and treatment required by a patient who is convalescing; a after effect a delayed effect; a after life [some have died]; a aftermath Consequence.

(7) • Mon, 1/8 Pentecost: p. 18 Str.'07: again [2nd (Isa. 11:1)]; a gates [II]; year age [year]; → aha

(10) • Mon, 1/22 Wedding: p. 22 [sic] Str.'07: "ALIAN"; Alien [planet]; Alike; Alive; Allolnia; Allon; Alure; Almighty; Alloweth 61381 [1380 = "activate the II"] [I do]

With such strong resonance, you there, you might wonder why I would ever consider anything else. I must say that I would still hold out for this to be a likely scenario to materialize into reality. What I don't like about it is: that (A) it has three Monday events — not a great day for key events; and two (B) Fri. events, <sup>both of these</sup> which makes moving out of the one-event-per-day-of-the-week realm, which I've been feeling a tug toward.

## AB Resonance With One Event Per Day of the Week, Beginning New Year's Day

This subject heading should/could be a separate article, but it needs the above preface to be properly appreciated.

PVS. Re: New Year's Significance

I need to interject the significance I see of this New World timeline commencing on New Year's Day. Obviously, that resonance is clear on its face for western civilization and most of the planet that celebrates Jan. 1 as beginning a new year.

Synchronistically, on Nov. 27, ~~Brother~~ my LDS Branch President, Bruce Pitt wrote to me to inform me, "We will be grateful to enjoy you, your talents, and abilities starting January 1, 2024" after this "time of meditation and resolve." (See 11/12 blog post, "Excommunication from Chapel.") Of course, I would love it if this (timeline scenario) is how I came back into LDS association. ☺

Since around ~2016, I've noticed that the number 365 (days in full year except leap year) has strong resonance with HMITF<sup>u</sup>. This timeline scenario would give a super strong reason for that. One of my fav. AB ties is this set from the NT (doesn't tie directly to HMITF):

- G 362 to await :- wait for [2 Ne. 6:13 Messiah]
- G 363,4 remembrance [reflecting on the year]

- G.365 to renovate, i.e. reform: - renew [New Years' resolutions]
- G.366 [relating to New Years Day] to become sober again, i.e. (fig.) regain (one's) senses: - recover self! [s.c. of planet in our context]
- P.365 WDT has some relevance (not a whole lot) with these defs. <sup>~6.5</sup>
- groan [It's been a hard/tough year]
- grog Any alcoholic liquor [<sup>stereotypical</sup> year-end imbibing - (I don't)]
- groggy [planet is in a daze]
- groom a bridegroom v. to prepare for a particular position, as for a political office [HF&AMITF]
- groomsman The best man at a wedding --- [pending]
- groovy Slang A state or condition of being wonderful; delightful [para.]
- grope to look for uncertainly or blindly [planet in a fog]
- grotesque [on brink of destruction]
