

# Subdued

Dear Tudor,

11:54  
12/1/23 7:57am

In the last week, I've sent you several many-page pieces directed at setting forth (A) ~~my~~ <sup>the</sup> repentance clause (r.c.) ~~scenario~~ <sup>scenario</sup> that enables humanity to avert hitting rock-bottom, which is where they're presently headed; (B) your resonance with the HMITF role to switch society to that much preferable path/trajectory; (C) the ASDP scenario of this being launched yesterday, 11/30, my <sup>60<sup>th</sup></sup> b-day via you and me both being teleported (tp'd) to an extremely high mountain (like Mt. Sinai) to have a theophany (being with Jesus, who would give us both the vision of all that several prophets have been shown, and then some), which would launch the r.c. and the kingdom of heaven on earth.

I was super confident that this would materialize, given (A) your suitability for the HMITF role, (B) how much the planet is on the brink of collapse, needing this intervention, (C) how strongly the Alphabetic (A+B) code resonated with this: (1) your resonance with the HMITF role, (2) the 11/30, 9:25pm mountain time for the theophany.

But it didn't.

Enclose are a couple of pieces I composed yesterday and prayed to have tp'd to you to help bolster you, as their content bolstered me to be <sup>in</sup> the "all-in, synced up" status for this to materialize. I put them in ~~an~~ envelopes addressed to you, c/o Mary, so that if it was tp'd, you'd see it's addressed to you; if not, then Mary would receive it to (A) be able to mail me a copy, (B) send you a copy, (B) scan it to PDF for the site

to chronicle my quest. This is an open book quest and mission, for public view, as we are to serve as examples — including chronicling the receptivity of the amazing females I've approached about doing this mission, or lack of receptivity. So far, 9+ years on, there have been none to answer. As long as there ~~are~~<sup>is</sup> none to answer, then society will continue its trajectory to crash to rock bottom (Dan. 12:1; Matt. 24:21). Once someone, e.g. <sup>you,</sup> steps forward, all-in, synced up with the invited H01ITF role (as a type and shadow of humans embracing their "Ye are Gods" destiny), then we (society) change trajectory from rock bottom collapse to going straight to the kingdom of heaven on earth.

I've got a site (thanks to Mary, who declined to accept the invite, but helps, nonetheless), [IandComing.org](http://IandComing.org), that presents my paradigm and views on a wide range of issues, with around 300 articles (editorials and blog posts) along with my book about this: None to One: Evoking the Repentance Clause of Prophecy. The book is the main tool for presenting my paradigm.

How do I reconcile yesterday's "failure" to materialize? Most people would be inclined to give up after any of the many such "failures" I've encountered in all this time of pursuing this quest. I, ironically, have come to view them as a compliment to the planet's stalwarts stepping up to push back evil, giving us more time. The s.c. is designed to materialize<sup>2</sup> just in the nick of time. The longer we as a people hold back Satan's New World Order, <sup>666</sup> beast, kingdom of the devil, ~~666~~ from materializing, the more of a compliment it is <sup>to</sup> ~~of~~ our advanced-soul planet.

(3)

I consider the material posted on my site to be of God and very good, and will provide profound guidance to society — when the time is right. Meanwhile, everything I've done to spread awareness of my site has fizzled. I see God's hand, miraculously, in a way, in how the site continues to stay at a very slow trickle in its traffic. God is holding people's attention in a mental fog, so the significance of the content doesn't register with them, and they don't share, or come back. ~ 93% of the site's trickle of traffic is new visitors. I see this as a function of this truism: "He who is one step ahead is a genius; he who is two steps ahead is a crackpot." — Rabbi Shlomo Riskin.

This rejection, ignoring, disregarding is a function/reflection of the first half of Ps. 118:22 "The stone which the builders refused is become the head stone of the corner." It's HMITF's stepping forward that flips the switch on that.

Take you, for example. You are a pillar in the MAGA patriot saint community, who hold you in very high regard. If you were to take on <sup>adopt</sup> my cause, or at least tell people they ought to consider what I have to say, your reach of millions, and your endorsement/suggestion would open people's mind when they come to the site so that rather than dismissing it out of hand, as they do now (ave. visit would 3 minutes), they would give it a chance and realize how great it is, both carefully considering it themselves, and sharing it with their contacts, making it go viral!

All of the above, about my words (with mouth) being held back until the time is right to come forth in strength, is depicted in Isa. 49:2 "And he hath made my mouth

like a sharp sword; in the shadow of his hand hath he hid me, and made <sup>me a</sup> polished shaft; in his quiver hath he hid me." The ps is mightier than the sword, is what this verse says, in the context of an end times redemption.

The AB code points strongly to you as being foreordained to play this role. Whether or not you embrace this is up to you.

<12/3>

I look forward to hearing back from you.

Sincerely,
