Last night at ~ 3:42 am (repeat of first hour of C2C), I caught Harry Dent, Jr. (51?) describing the bloated precariousness of the world's stock markets. He said ^{that} the "perfect 10" crash, compared to 1929 being an "8" in comparison, will likely occur in this first quarter of 2022 — a "Great Reset," is the ominous term he used. He estimates a drop of 55% in the first two months, followed by a brief rebound, followed by a prolonged drop to about 15% of the present value by 2024, when a slow recovery will begin.

In the time I was listening, he said nothing about ripple effects, including how such a collapse would trigger hyperinflation, the dollar becoming worthless, and societal melt-down — worldwide — exactly what the Marxists conspirators have been wanting. When collapse occurs, and people panic, they turn to dictators.

I've been envisioning this paradigm of mine materializing prior to (or on) my 2/23/22 anniversary of my incarceration, activating the II (see II Plan) and launching the r.e., followed a couple of weeks later by the 2 Chron. 7:14 prayer event by which we have a societal (e.g. ~10% of the global population) born again, mighty change of heart (Isa. 6:8 & Zech. 3:9). Pentecost experience. (I elaborate on all this in my book,

None to One: Evolving the Repentance Clause of Prophecy, which is nearly done.)

Pondering on how, in the r.c. scenario, we might mitigate or counteract the potential disruptions from a major stock market correction (bubble pop), I brainstormed an "AF 13 Fund" as part of the emerging kingdom of heaven on earth. (For those of you who haven't read my book yet, nor the IT Plan, "AF 13" = Articles of Faith 13 - the last/omega verse of the scriptures of the Church of Jesus Christ of Latter-day Saints: Combining Philip. 4:8 & 1 Cor. 13:7, its principles are an ideal filter for goodness.

"We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men... If there is anything virtuous, lovely, or of good report, or praiseworthy, we seek after these things.")

People and entities that comport/adhere to AF 13 are kingdom of heaven on earth material. Those who don't, are not, and are urged to repent and reform, to become AF 13 compatible.

The AF 13 Fund would finance AF 13 businesses/endeavors. Being "AF 13" ^(easily conformable by the IT) will imply that they adhere to excellent principles including:

- Being inspired of God, for the betterment of humanity;
- Having solid roll-out plans, both with short-term specificity and long-term vision;
- These principles govern a myriad of details

(1/6/2)

Now, superimpose this on the pending Stock markets correcting. Harry Dent^{of} pointed to two major things that need to be remedied: bad debts and bad companies. As for the latter, I would argue that any company that is not inherently evil (e.g. porn sites, gangsters, fraudsters), by aligning with AF13 principles, can transform into excellence. (loosely defined to include stocks)

If investments to a solidly reforming (to AF13 principles) company are withdrawn by non-(AF13) discerning investors, then that company could receive what is lacking for their need, as an investment from the AF13 Fund.

The jurisdictional oversight for the AF13 Fund would be the shortly-to-emerge kingdom of heaven on earth.

Who will put funds in the AF13 Fund? Those who believe in the principles of AF13. Some of them, who are gifted at performing these functions, will serve in deciding how much and where these funds will go, and under what (AF13) terms.

There is no limit to how large this operation could become. Remember, in the r.e. scenario, we'll also have our zillions of E.T. friends to participate in AF13-compatible ways.

This AF13 Fund, can^{help} give hope to the many people who will finally be pursuing their life-calling dream, as inspired by God, that they will be able to get the resources they

need to roll out their vision for the blessing of mankind. The ~~IT~~ will enable them to easily net work with the ideal people to perform their mission in an optimal way.

Having this service (AF13 Fund) available will ameliorate the Stock Markets' corrections, so that the hitherto potentially flailing companies and investors can succeed, to the extent that they align themselves with AF13 principles.

Having an avenue for the many people, worldwide, who have been feeling the nudge to do what they love (life calling) and are good at, to do so, will likewise not only bolster the world economy, but will enable a thriving hitherto never seen. This won't be about excessive indulgence and ego, as those traits are not AF13 compliant. It will be about bringing joy and fulfillment — and miracles galore, inasmuch as miracles are a regular component of people following their unique God-given gifts.

That's why I say that if we evince the F.C., then the destructions and captivity to which we are headed as a society will be averted, and we can go straight to the kingdom of heaven on earth instead.

"When you do what you love, you bring heaven to earth."
