Non-Denom. Print-out (Viola)

- **TEC** 8/11 A 'retail apocalypse' [exaggeration] is gaining momentum all over Am.
- **"Misc"?** 8/17 Hard of God? Earthquake strikes Syria & Lebanon same day attack by Hezbollah against Israel was anticipated. AP: Tisha B'Av (9th of Av) — a solemn day, marked by destruction of 1st & 2nd temples, (instead, this year, "harsh punishment" averted)

News

- **Glenn**: "Kamala's speech was very well done." [I'm glad he acknowledged that, despite it's Marxist compatibilist]

^{12 p} Scripps RFK, Jr. in Phoenix, will make announcement. (2)

Likely to endorse Tr.

• Harris "Campaign of Joy" [acts "depression" — unprecedented, is what Marxism has in store]

• 16 States file suit against Biden admin. for (Exec. order?) that gives married (illegal) immigrants path to citizenship

• Beck "Now that RFK, Jr. is supporting Tr., the (establishment) is ^{going to work} ~~worried~~ to keep him on the ballot (to dilute Tr.)"

• Clay & Buch "Kamala has bad voice, not good at speaking" [Boo. C&B have K. derangement syndrome worse than any Lib's Tr.-derange...]

• JD (interview/guest) "I've been (pitching) RFK, Jr. for a while"

• Scripps "Both Tr. & RFK, Jr. are anti-establishment" — Kerhart

T • RFK, Jr. Press Conf. Endorses Trump

"Dems waged political warfare against me & Tr. Shan primary." "Thanks to volunteers who helped (e.g. getting me on ballots)." "Who needs ^{sarcasm} policy when you have Tr. to hate." [C]

"(They) censor truth, not lies." "Apr. '22, Uk-Rus. signed

truce, Rus. was withdrawing. Biden stepped in, stopped it." "We squandered Uk youth." "Exploring avenues of cooperation w/ Tr. We are aligned in many key issues. Allowed to disagree publicly. Have ~~existential~~ points of agreement, e.g.

ending forever wars, secure border, end intelligence propagandizing, ^{end} surveilling of citizens. (But most importantly ---)

(Need to address/remedy) children chronic diseases, esp. obesity. 1/3 kids are diabetic or pre-diabetic. Costs

more than military budget. Used to be 1/1500 autism) now 1/36, 1/22 in CA. Only happening in Am.

Why are we allowing ~~as~~ this to happen to children?

Childhood cancer rates skyrocketing." Culprits:

(1) ultra-processed food (more addictive)

③ Daily 8/23/24

(2) toxicities in environment (includes increased estrogen)

Puberty 10-13 - 6 years earlier than 1900. Breast cancer effects 1/3 women. "We're mass poisoning the population, crippling the country." 2x military budget. 4T chronic diseases. Minorities suffer most. Poisoning the poor. 70% school lunches are processed foods. Destroying small farms, ^{soils.}

We can change all this very quickly: (1) ^{e.g. CDC, FDA} cut out corruption in agencies / conflicted; (2) cut out incentives;

(3) inspire healthy... "With Tr. backing, we're going to change that (resolve problems)." Bring healthy foods back to school lunches. Remove poisons from foods.

"I prayed God would put me in a position to solve this problem. This is why I support Tr."

<Note: Scripps aired the first half of this press conf. I caught the balance on NTD> <Beck said CNN left very early>

- **Scripps** Transgenders in TX not allowed to put that on license.
- **DW** ³⁰ Har. sees RFK Jr as "anti-vax conspiracy theorist." [rightfully so, based on solid science not polluted by evil agendas] opposed COVID lockdowns [to his credit]
- **NTD** China claims water included in moon soil sample.
- **Rod Arquette** ^(admin) Tr. will establish independent commission on assassinations. Also will advocate for health, esp. of children.
- **Scripps** Dems touting message of "Joy" [the benefit of this propaganda is that it bolsters a flailing economy]
