## Taurus & Tudor

by Sterling D. Allan, 228033

Dec. 7, 2023

This piece is a follow-up to my previous piece, "Sagittarius in AB - Tie to this Mission" (12/7). If you've not read that one yet, please do so first, before reading this one. This also builds on the Tudor series of blog articles starting 11/24.

In the process of doing the studies on Sagittarius, I noted ~~one~~ <sup>two semi</sup> significant ties to Tudor. In recording the relevance of the various entries on p. 1052 ("Sagittarius" ASKII misspelling), I noted that the meaning of "Sihon," which is "tempestuous" is a synonym of "tumult," which comes up shortly after "Tudor," relating to what we avert by evolving the r.c. A while (1-2 hours) later, when looking up the ~~mean~~ H 7599, from which H 1052 is derived, I saw that the adjoining synonym def. H 7600 -- "that is at ease, quiet" also gives the antonym, "tumult" as one of the meanings translated from that word. I drew two lines between the two places I had written "tumult" in my notes, a few lines apart. I didn't see this as huge, but it was noteworthy.

I put more significance in a synchronicity that occurred that afternoon. A pod-mate I've known somewhat at a distance, emotionally, but who has been friendly for about half a year, Paul; who has been my pod-mate since I moved back to Bear-4 on 11/6; out of the blue, suddenly showed an intense interest in my work -

almost like a switch had been flipped. He asked what it is I'm doing, generally. He said he wanted to read my book. I told him that before he I trusted him to do that, I'd like him to read at least 10-20 of my editorials. He agreed, quite eagerly. The first piece I handed him was my 6/29/2022 editorial, "Chauvin Innocent of George Floyd's Death." <sup>He Paul gave it a thumbs up.</sup> The synchronicity occurred around 4:25 pm when I turned to Str.'07 to look up the insertion point of "Taurus". It's on p. 1143, which I had noted on 3/9/2021 is the ASCII sum of "George Floyd". Synchronicity. The next morning, Paul's interest fizzled nearly as fast as it had ~~arise~~ arise the day prior. I see God's hand in the timing of his transient spark of interest in order to create this synchronicity, witnessing divine oversight in my now looking into AB ties to Taurus, which is Tudor Dixon's May 5 birthday astrological sign.

The most significant things I found are in the two closest/nearest proper nouns prior to the insertion point of "Taurus" <sup>in Str.'07</sup>. "Taschith See Al-Taschith" is def. H516 and means, "Thou must not destroy." It's immediately before "H517 mother." In AB-speak, this points to my key notion that HMITF's role is to step forward to accept my invitation to play this intercessory role to avert the destructions and captivity to which we're headed as a society.

The other proper name prior to "Taurus" is "Tatnai H8674" - the very last/omega def. in the

OT lexicon. Alpha and Omega has a definite tie to the notion of this divine calling of HMIF.

The last nine def.s of the OT lexicon, including the very last, H8674 Tatnai have strong relevance to my HMIF paradigm. Three def.s in a row immediately before H8674 convey: 999 — like an odometer ready to roll over. "H8671 ninth; H8672 nine, nineteen(th), ninth; H8673 ninety." ‡

According to Gesenius, the meaning of H8674 is tied to the meaning of "H8670 a gift" — the gift of salvation on a societal level in this case, thanks to the atonement of Jesus Christ that makes the r.c. possible. Here are the four def.s leading up to that:

- H8666 [This is an antonym of the 666 reign of the beast that the r.c. averts. NT def. Gr 666 absence" conveys not stepping up, opposite of what is portrayed in this def.] a reply (as returned): — answer... ["none to answer" resolved]
- H8667 ...pledging: — Fellowship [in contrast with the usual ignoring, dismissing, disregarding]
- H8668 rescue (lit. or fig., personal, national or spiritual): — deliverance, help, safety, salvation, victory [manifesting the national<sup>/societal</sup> salvation r.c. into reality, finally]
- H8669 stretching out after; a longing: — desire [I've been yearning for this manifesting since I launched the r.c. guest Aug. 11, 2014]

~~There~~ Considering the strong relevance of those last few def.s in the OT lexicon to this guest to

‡ This is consistent with what I say about the r.c. unfolding just in the nick of time — 999.

Find HMITF to materialize the r.c. with me, culminating with the name Tatnai, meaning "gift", to now see that Tatnai is the proper noun <sup>closest</sup> to "Taurus" certainly seems highly significant, especially considering the significant relevance of "Taschith" (Al-Taschith, H516; "H517 mother") as well.

### Taurus Bull/Ox [Aleph X]

Taurus is "represented pictorially by a bull's forequarters" (M-w-c). Likely a function of etymology, in WBT, the def. immediately before that def. is "taurine adj. To be pertaining to a bull." (30-40 min.?)

Synchronistically, not long before I started looking up things on ~~Sagittarius~~ Taurus on 12/5, I had looked up p. 1168 ("Sagattarius") ~~Star 07~~ Triple ©2013 which extrapolates to p. 246 Index'13. As a yin/yang match, it includes the entry "Ox".

~~It~~ The page opens with the entry "Overthrow", which word is also found at least twice ~~q~~ on p. 1168 of the Bible, a verse before the above-mentioned "Shealtiel" in Hag. 2:23. "And I will overthrow the throne of kingdoms..." (vs. 22) in the r.c. will not be violent but will fall because of repentance. This still ties to Ezh. 21:27. The last three entries from p. 1168 Triple are especially relevant to this paradigm: "Parable [AB]; Paradise [Millennium]; Parent [HM & HMITF]."
