T • **Bech** "Extinction-level AI" "make more of itself and hide, take control." "Solar flare could [be God's way of taking down out-of-human-control AI] [3 Nov. 2024]" Chat GPT now matches humans in detecting errors. Example of conversation w/ Chat GPT [sounded like human, admitted.]  
Scarlett Johansen's voice used by Chat GPT w/o credit or pay. (\*> Glen composed a query for Chat GPT to compose a haiku (?) about how AI is loved at first but gradually morphs into a greynome tyrant. Glen read the resulting prose (took a second to compose) in his half-of-fame reading voice. It was brilliant and ominous. I strongly recommend that you listen to it. (~7:38 am after ad break).
