News

3:30a

- **NBC** Amazon delivery drone preliminary delivery ~~test~~ service test is receiving noise complaints. "Sounds like a thousand swarms of bees."
- Tr. "I think I'm better looking than (Kamala)" [So petty, Tr.'s downside]
- Lawsuit takes on 'nudify' tech that creates deep fake porn of innocent person then extorts them to have it removed. AOC's H3696 takes this on nationally. [she's a victim of this.]
- **Beck** Darren Beatie (sp?) of ~~Fast Track~~ Revolver News says the police [establishment] planted the J6 DNC pipe bomb (was a decoy, non-functional to divert resources).
- The body of Crooks was cremated, and all DNA on rooftop cleared [from non-establishment investigations]. ∴ cover-up. was groomed, had help [from Establishment]. Glenn: "If this is true, nobody is safe." [Glenn (controlled opposition), true to form, turns this into a reason to instill fear, rather than clarity and purpose to expose/defeat. USSS in this case was targeting Tr. (intentional neglect)]
- **Scripts** Tr. (@ York, PA) ~ "Some day the fake media will stop covering for Dem. failures" [and omitting GOP successes] "Solar panels, wind turbines built in China, helping them."
- **NTW** @DNC "the freedom to vote [they mean "to cheat"] in GA is under attack" [= gaslighting]
- **Scripts** commentary: Both Tr. & Har. are speaking to their base, not broadening appeal. [2020 great division]

- [A primary Dem. talking point / narrative / propaganda (2) for brainwashing =] "Tr. is only looking out for himself." [The opposite is true. Tr. wants best for country, wants a free & righteous country; is sacrificing himself; doesn't have to do this. It's the Dems, generally, who tend to be selfish: <sup>c.g.</sup> "my body my choice" - disregarding fetus.]

- Tr. posted deep fake photos (unwittingly) of Taylor Swift supporting him. [He should have been more careful. She's not the kind of person to stand with MAGA. Not even close.]

### DNC Day 1 (cont.)

- Hillary Clinton<sup>+</sup> cliché Dem slogans
- Abortion stories [situations Tr. would agree<sup>with</sup>] life of mother, incest (rare)
- Gov. Andy Beshear: "all in" [Several used that term, but not with the "synced up" (with divinity) qualifier, i.e. all in w/ Marxism]
- Ashley Biden (daughter) Social worker helping formerly incarcerated women; gave a very moving endorsement of her father, calling him her "best friend," brought him to tears as he appeared.
- Joe Biden (enthusiastic applause, ~ 3<sup>+</sup> min.s) "That was my daughter! (proud) "America, I love you. ... "Democracy [toward Marxism, for them] must be preserved. We're at an inflection point. [Indeed]. "Battle for the soul of America" [for Jesus or Satan<sup>Max</sup>] 81 mil. votes [millions were bogus / rigged, esp. from mail-in] "Selecting Kamala was the best decision I made" [shall be an even worse puppet for the Establishment] "we saved [cheated] Democracy in 2020; must do it again in '24." "I promise to be her best volunteer" [BS.] "I love my job, but I love my country [being taken over by Marxists] more."

- <sup>Movie?</sup> ~~Story~~ "America: The Story of Us" George Washington appointed <sup>revolution</sup> Gen. Von Steuben, despite being homosexual, to train <sup>troops</sup> in military tactics, many still used today. [hmm]
