Institute

We spent the first 45 min. of the 9am BAFM class discussing 3 Ne. 30:1, 2, which is the end of the book of 3 Nephi, with Mormon reciting the words that Jesus had given him. I pointed out that the very last (omega) word is "Israel" which Strong's ©2007 gives the meaning of "he shall rule as God," consistent with Isa 41:23 which gives the upshot of the scriptures: "that we may know that ye are gods" — pointing our becoming joint heirs of Christ, able to do all he did, and ever greater (John 14:12).
